WILMINGTON

FOUNDED A. D. 1867

DO YOU ADVERTISE?

If not, why not? Perhaps there's a reason. A request to this office will bring a man to talk it over with you.

VOL. LXXXVIII—NO. 29. WILMINGTON, N. C., TUESDAY MORNING, APRIL 25, 1911. WHOLE NUMBER 13,591.

MADERO IS URGING TERMS FOR PEACE

Invites Independent Leaders to Hasten to El Paso for the Conference.

THE REPUBLIC QUIET AGAIN

Rebel Leader Sets at Rest Rumors Stating He Will Succeed Corral as Vice President—Armistice Expires Soon.

El Paso, Texas, April 24.—General Francisco I. Madero, desiring that the tranquility which seems to be restored in the district between Chihuahua and Juarez shall extend over the entire country, where there have been outbreaks, nas invited the independent leaders to hasten to El Paso to participate in the impending discussion of peace terms.

The telegraph, the mail, and in some instances couriers were used by the insurrecto general to send the call. Among those to whom he sent word are Jose Maria Mino Saurez, a lawyer, who was appointed provisional governor of Yucatan by the rebels, and who is now at New Orleans; Guadaloupe Gonzales, provisional governor of Vacatecas, now at Ojinaga; Abram Gonzales, provisional governor of Chihuahua, with headquarters at Guerraro.

These officials are in military as well as civil command of rebel activities in their States. Dr. Vasquez Gomez, the insurrecto diplomatic agent at Washington, also will come.

Gen. Madero set at rest reports that he would succeed Ramon Corral as vice president.

"I will accept no office not given me by the people at an honest election," he declared.

"Peace terms, I am absolutely convinced will be agreed upon to the satisfaction of all members of the revolution throughout Mexico."

There is no doubt that the armistice, which expires next Friday, will be extended as necessary to allow for the arrival at the selected meeting place, probably El Paso, of the special peace commissioners and of the responses from the rebel leaders to whom Gen. Madero has sent invitations.

Now that peace is in sight, the soldiers are anxious to have the war ended and return to their homes.

Mexicon Government Notified.

Washington, April 24.—Dr. Vasquez Gomez, head of the confidential agency of the Mexican revolutionists here, today received plenary powers from Francisco I. Madero, Jr., the rebel leader, to ratify the armistice arrangement entered into by the latter with Gen. Navarro, of the Federal forces, yesterday at Juarez, Mexico.

Dr. Gomez tonight officially notified the Mexican government of the consummation of the armistice and exchanged messages with Mexico City to secure an extension of the five-day period of the armistice. He pointed out that as he had been summoned by Gen. Madero to Juarez to participate in the peace negotiations, it would be impossible for him to get to that point until after the present armistice agreement will have expired. It is not believed that any difficulty will be encountered on this point.

Dr. Gomez intends to leave here tomorrow night and though he probably will proceed immediately to Juarez to confer with Gen. Madero he said tonight he thought it likely that the peace commissioners would go to some neutral point to draw up a definite peace agreement.

In discussing the forthcoming negotiations, Dr. Gomez tonight expressed the belief that peace soon would be satisfactorily arranged to the satisfaction of the whole country.

Armistice Not Approved.

Mexico City, April 24.—That the armistice agreed on by Francisco I. Madero, for the revolutionists, and Gen. Navarro, for the Federals, has not yet been approved by the government and will not be approved until after the arrival of the messenger with documents containing the proposed terms was the declaration of government officers today.

Only after careful study of the proposed draft of an agreement exchanged by the two commanders yesterday will formal ratifications be made.

The news of the armistice has produced a noticeable relief from the high tension which has prevailed for many weeks among all classes in the capital, and particularly among the foreign residents. The armistice was generally regarded as a forerunner of a permanent peace agreemnt.

That to Gen. Fernardo B. Reyes, who is about to return to Mexico at the invitation of Gen. Diaz, will be offered the portfolio of war, was the opinion expressed by a member of the cabinet.

Paris, April. 24.—With a view to clearing up the contradictory nature of the despatcher announcing an armistice in Mexico, the Matin sent a cablegram to President Diaz, asking for a statement on the situation. The following reply was received:

"The government is confident that peace will be re-established.

(Signed) "PORFIRIO DIAZ."

HOE'S VALUABLE BOOKS SOLD

Los Angeles Man Pays $50,000 for Guttenburg Bible—Collection in Library Valued at Million Dollars—Details.

New York, April 24.—The first book ever printed from movable type tonight brought the highest price ever paid for any book. The prize was the Guttenburg Bible, the purchaser Henry E. Huntington, of Los Angeles, and the price $50,000.

The purchase was made at the opening session tonight of the sale of the library of the late Robert Hoe, the largest public auction sale of books ever attempted. Experts have estimated the collection to be worth more than a million dollars, and wealthy amateurs and dealers from Europe have come to vie with the American collectors in the bidding. It was evident from the progress of the sale today that American bidders were taking the cream of the offerings at prices averaging higher than any ever offered at a public book auction.

The highest price previously paid for the Guttenburg Bible was $20,000, at which Bernard Quaritch purchased it in England 14 years ago. At a private sale he disposed of it shortly afterward to Mr. Hoe at a profit of $2,500, and it nas remained in the Hoe collection ever since. The copy was printed some time between 1450 and 1455.

Bidding for the treasured book was spirited, with Bernard Quaritch, son of the former owner, participating until the bids passed the $21,000 mark. From there it jumped by thousands at a clip to $45,000. At $49,000 P. A. B. Widener, of Philadelphia, who had been the most determined of the runners-up, dropped out of the race, and the even $50,000 was bid by Mr. Huntington. The winner is a son of the late Collis P. Huntington.

The collection of first editions, historical bindings, illuminated manuscripts, incunabula, rare Americana, autographs, holograph manuscripts, and other treasurers pried by bibliophiles which the late Robert Hoe put 50 years to gathering was placed on sale here today at public auction. The actual value of the collection is what it will bring, but the London Times feels no hesitation in predicting that the "Robert Hoe sale will constitute in the way of aggregate totals, the greatest event of its kind in the annals of book auctions." And the predictions seems safe, for whereas the largest amount hitherto realized from a sale of books at auction is $325,000, competent experts estimate the Hoe collection to be worth from $1,000,000 to $1,500,000. It is true that the collection of the late Earl Spencer brought $1,250,000, but that was at private sale, to Mrs. Ryland, who later gave it entire to the city of Manchester, England.

Robert Hoe did not want his books to go to any public collection, there to lie unhandled and unread, in glassed cases for the illiterate to stare at. He himself was a maker of books as well as a lover of them. He came of a family of pressmen; the processes of the binders' art were well known to him; he not only bought books but he read them, and it was his desire that, at his death, the treasurers he had spent so many loving hours in amassing should pass into the hands of those who could appreciate them, and he believed the best means to insure his desire was to distribute them at public auction. How far his desire will be realized remains to be seen, for J. P. Morgan has been a conspicuous buyer at all notable sales of recent years, and it is supposed at his death, his collection will pass to the Metropolitan Museum of Art. Mr. Morgan is in Europe at present, but his representatives will undoubtedly attend the sale.

Beverly Chew, himself a collector and literatus of note, and long a friend of Mr. Hoe, is the authority for the motives behind the sale. "Mr. Hoe once told me," he has written, "on his return from Europe, of a visit he had made to one of the great libraries, and of his feeling of surprise and disgust at the utter lack of reverence and appreciation he found, as shown in the care given to the great monuments of printing. The catalogue of this library was rich in the masterpieces of the early printers, and when he asked for them, volume after volume was brought to him covered with dust, with leaves stained and bindings broken and in every way proclaiming the effects of indifference and neglect.

"This," he said, "confirms me in the conviction that those who love books should have them in custody and will take the best care of them. If the great collections of the past had not been sold, where should I have found my books."

In the whole collection, the single book that commands the most attention is the magnificent copy on vellum of the famous Guttenberg Bible, printed some time between 1450 and 1455 (exaact dat not knonw), and which last sold in London, 14 years ago, for $20,000. Bernard Quaritch, the British publisher and dealer from whom Mr. Hoe acquired it, valued it in his catalogues at 5,000 pounds and although the sale was private, he is supposed to have received not much if any less than he asked. The record price paid at auction for any book is $24,750, bought by the Menz Psalter in 1884 at the sale in London of Sir John Thorold's library.

The value of the Guttenburg Bible is not alone in its beauty as an example of the bookmakers' art, con-

GOVERNMENT GETS BIG LAND FORFEIT

Decision Involving 200,000 Acres Rendered Against Two Railroads.

THE CASE MAY BE APPROVED

Judge Also Decided Against 5,000 Individual Interveners—Great Interest in Decisions in the West in Land Cases.

Portland, Ore., April 24.—Federal Judge Charles E. Wolverton today decided that the Southern Pacific and the Oregon & California Railway companies must forfeit to the United States government about 200,000 acres of land, which is valued at $40,000,000 to $75,000,000. The case will probably be approved.

Interpreting the act of Congress — granting the land as an aid to railway construction—the court held that Congress intended that this land should be sold to bona fide settlers in tracts not greater than 160 acres to one individual, and at a price not exceeding $2.50 an acre.

While deciding in favor of the Government, Judge Wolverton decided against the 5,000 individual interveners in the case. He held that they had acquired no right whatever, either by settling on the land or by tendering the maximum sums specified by the law. The effect of this portion of the decision is that the lands cannot be procured by any individual until the President or Congress again opens them to entry.

MONEY AND GUNS GONE.

Young North Carolinian Relieved of Valuables in New York.

New York, April 23.—Two Southerners from Salisbury, N. C., R. Munally and J. T. Morgan, reached town last night with over $500 in their pockets and two big blue steel revolvers, their object being, as they told of it, to employ some 100 women barbers and revolutionize the barber business in Salisbury.

Munally says he is worth several thousand dollars, the larger portion of which was settled upon him by the Southern Railway, following a wreck on that road in which he was badly injured. Morgan says he is a real estate man. On their way from Washington they met a young chap who told them that he had been in the navy, and was tired of his job, was out of work, a good fellow and would show them all over New York. To this proposition they graciously consented. The taxicab bills ran upward of $25 in a jiffy, according to Munally. They then took their guest to a theatre, where he was treated to the best seat and other things after the show that went to make up for he lost time that the two Southerners realized was tagging them because of their past year's experience in a very dry State. After all this and some more had happened the three went to the Hotel Taft.

Their guest, who said his name was Fred C. Presnait, went up to spend the night with the North Carolinians. Grief followed their first nap. When they awoke, Presnait was gone and their bank roll and pistols were missing. This not Presnait left behind:

"To My Dear Friends—I am sorry I had to trim you. I express my regrets to you both. I need the guns also; so I will take them along. Hoping to remains yours, I am 'X'."

Through the kindness of a physician living at the hotel, who said that he was a Southerner himself, credit for the further stay of the Southerners was advanced. He also called up police headquarters, and Detective Bauerschmidt, of the West 30th Police station, came over immediately. The detective said that he hoped to make an arrest. The name on the register corresponded with that in the government papers, he said, and the suspect might be traced through Washington. His description was given as that of a young man, apparently Irish, light hair and eyes, speaking in a brogue and wearing a dark suit, a turn-down collar and a white tie.

TOWNS BEING EXEMPTED.

Corporation Commission Making Number of Exemptions From Act.

(Special Star Telegram.)

Raleigh, N. C., April 24.—The Corporation Commission is just now ordering a number of exemptions of towns with around 2,000 inhabitants from the operation of the statute by the recent Legislature, requiring two tickets windows and agents to facilitate mileage tickets service as a relief for traveling men. The exemptions are being made with the right reserved to order in the two windows any time the conditions may be deemed to require it. The exemptions are on representations of conditions made by railroad companies, backed up in most instances by petitions of citizens. A complete list of towns exempted on all railroads will be made public as soon as the commission completes the consideration of the petitions pending. The law is to be operative May 1oth.

A BLUE RIDGE PEAK CRASHED

Natives Living Near "Ceasar's Head" in Western Part of State are Greatly Alarmed—Due to Earthquake is Report.

Asheville, N. C., April 24.—Belated reports from the mountainous section of Transylvania county, state that "Caesar's Head," a famous peak of the Blue Ridge, about 20 miles from Brevard, had been overturned by the earthquake shock, which is said to have been felt in various sections of Western North Carolina Friday night.

It is stated that the mountain top fell with a crash, which was heard for miles arounds and many of the native farmers were greatly alarmed.

"Caesar's Head" has been one of the show places of Western North Carolina since this country was first developed and it was a favorite spot with tourists.

In appearance it was dark and forbidding and the natives of that section have long connected it with weired legends and mystery. It was cracking at various points for several years and on its summit two years ago, there opened a fissure of great depth.

STEAMER ASIA TO BOTTOM.

Passenger Rescued and the Mail Saved from Wreck in the Pacific.

Tokio, April 24.—The Pacific mail steamship Asia, from Hong Kong, for San Francisco has sunk off Finger rock, South China. The passengers are reported rescued and the mails saved.

The Asia sailed from Hong Kong on Friday, and was due in San Francisco on May 19th. She operated regularly between those ports. The vessel was built in 1883, and registered a little less than 5,000 tons gross.

Finger Rock is a remarkable projection from the Heau Chu Islet, the southernmost of the Taichau group of islands, which lie about two hundred miles south of Shanghai. The ship was on her way to Shanghai, her regular port of call.

The Asia struck Sunday morning while feeling her way cautiously through a thick fog. Her wireless signals of distress were picked up by the steamer America of the Tokyo Kisen Company, which was en route from Shanghai for Hong Kong. The America immediately replied: "We are coming to your assistance."

No further message was received by the America, which pushed hard in the direction of the Asia. The America arrived off Finger Rock at 3 o'clock yesterday afternoon, but owing to the fog, which continued heavy, was unable to discover the whereabouts of the distressed steamer.

The America laid to until the wather cleared, when she found that the Chinese vessel Shang-Siu, of the Taku Steamship Company, had gone to the aid of the Asia and rescued her passengers. The latest report received by the agent of the Pacific mail steamship line at Yokohama says that the Asia was sunk, but that it is believed the passengers with the mails were saved.

TO STAND BY PROGRESSIVES.

New Iowa Senator Favors Senate Committee Places.

Washington April 24.—The progressive Republicans claim to have had assurance from Senator Kenyon, the new Senator from Iowa that he will stand with them in their contest for Senate committee places. Therefore they will go into the organization committee tomorrow night claiming 15 of the 50 Republican senators instead of 12 as heretofore. This addition will be urged in support of their contention for one fourth of the Republican committee places. The general impression is that the regular Republicans will make most if not all of the concessions asked. If they do not do so the progressives say they will appeal to the Senate.

The Democratic organization has decided to fill the Democracy vacancies on the Committee on Finance by the appointment of Senators Williams, Mississippi, Johnson, of Maine, and Kern, of Indiana. This action will give the radical Democrats a majority of Democratic representation on the committee.

OUTLINES.

Twenty-three miners entombed by an explosion in a mine at Elk Garden, W. Va., yesterday are believed to have been killed by tons of debris that has impeded the progress of rescue——It is stated by the head of the police department in Chicago that one of the alleged dynamiters arrested in connection with the Los Angeles explosion has made a full confession and told a number of other similar crimes throughout the country——The crash of "Caesar's Head" a peak in the Blue Ridge mountains in North Carolina has greatly alarmed the natives in that section. It is said that the crash was the result of an earthuake ——Three were arrested yesterday at Indianapolis charged with the kidnapping of John McNamara, who is held in connection with the explosion at Los Angeles.——New York markets Money on call steady 2 1-4 to 2 3-8 per cent, ruling rate 2 1-4, closing bid 2 1-4, offered at 2 3-8; spot closed quiet five points higher, middling uplands 15.15, middling gulf 15.40; flour steady with a fear jobbing trade; wheat easy No. 2 red 94 3-4 elevator and 96 1-8 fob afloat; corn firmer, export No. 2, 60 nominal fob afloat; oats firm, standard white 39 1-2; turpentine steady.

DYNAMITER TELLS OF MANY CRIMES

Full Confession in Connection With Times' Explosion in Los Angeles, Cal.

MORE ARRESTS ARE EXPECTED

Judge Made Order With Reference to Books Seized From Union—Confession Will be Used at Los Angeles.

Chicago, April 23.—Capt. Stephen Wood, chief of the Chicago Detective Bureau, said tonight that a full confession had been obtained from one of the men arrested in Detroit in connection with the dynamiting of the Los Angeles Times building.

The alleged confession is said to cover 90 typewritten pages and to relate to the movements of the men now under arrest and others sought by detectives.

According to Capt. Wood it describes in detail the dynamiting of buildings, railroad trains and factories where conflicts between union and non-union labor existed. The loss of many lives and the destruction of property valued at almost $2,000,000 is said to be detailed. He said the confession was placed in the possession of attorneys representing the National Erectors' Association and has been sent to Los Angeles to be used in the trial of the cases against the men under arrest.

"The confession was made at the home of Detective Reed, of the Chicago police department in South Chicago." said Capt. Wood. "More arrests are expected and any disclosures of the details of the confession at this time would make them almost impossible.

"While here the men under arrest were never in communication with each other and neither knew that his companion was a prisoner in the same house. They were questioned incessantly and finally a confession was obtained from one of them.

"The 'plants' of dynamite, found since the Indianapolis arrests, were told of in the confession and the names and whereabouts of other men now being sought are known to the detectives."

Kidnapping is Charged.

Indianapolis, Ind., April 24.—Walter Drew, counsel for the Erectors' Association; W. J. Ford, assistant district attorney of Los Angeles, and Frank Fox, chauffeur, were arrested tonight on affidavits charging them with having kidnapped J. J. McNamara, secretary and treasurer of the International Association of Bridge & Structural Iron Workers.

The men were arrested on warrants issued in the court of Justice of the Peace Manning after affidavits against them had been made by an attorney for McNamara. Drew and Ford were released under bond of $5,000 each and Fox under bond of $3,000. All the bonds were given by Wm. A Ketcham, president of an iron foundry company and officer of the Indianapolis Employers' Association.

It is charged that though McNamara was not turned over to a detective sergeant from Los Angeles until Governor Marshall had honored requisition papers from the governor of California, he had not been permitted to consult with counsel or to make a plea of resistance to extradition before Police Judge Collins, when he was identified as the man named in the warrant for his arrest.

Fox drove the automobile in which McNamara was taken to Chicago on Saturday night, to be placed aboard a train for Los Angeles.

It was stated that a warrant also had been issued on the same charge against Detective Wm. J. Burns, in the employment of the Erectors' Association.

Judge's Order in the Case.

Indianapolis, Ind., April 24.—By an order of Judge Joseph T. Markey, of the Marion county criminal court, issued late today only the county prosecutor, the members of the grand jury and the officers of the International Association of Bridges and Structural Iron Workers, will be permitted to examine books and papers, taken by the police and deputy sheriffs from the offices of the association in connection with the Los Angeles Times explosion inquiry.

This action, taken on application of attorneys for the association and with the approval of the county prosecutor, bars private detectives and unofficial investigators from inspecting the books, correspondence and documents. The material tonight was locked up in the grand jury room and will be submitted to the grand jury tomorrow during the investigation as to the identity of persons that deposited a quantity of dynamite in the Iron Workers' Association storage compartment in the basement of the building, in which are its offices.

A part of the books and papers were seized by the police last Saturday night in a raid on the offices led by William J. Burns, a private detective in the employ of the National Erectors' Association investigating the responsibility of dynamite explosions that have damaged bridges and buildings in course of construction in many parts of the country and destroyed the Los Angeles Times building with great loss of life. The raid followed the arrest of John J. McNamara, sec-

(Continued on Page Eight.)

LONG DEBATE IN THE HOUSE

Provision for Nine Clerks to Committees Defeated—Controversy Is Over Amount of Mileage Paid Congressmen.

Washington, April 24.—An attempt to cut down the amount of mileage paid to members of Congress for their expenses in going to and from Washington, and a controversy over the extent to which Democratic economy should effect the clerkships to committees brought about a long debate in the House this afternoon and resulted in the defeat of a provision for nine clerks to committees entailing an expenditure of $6 per day, each.

The provision for the clerks was brought in with a minor appropriation bill by Chairman Fitzgerald, of the Appropriations Committee. Republicans charged the Democrats with not having thoroughly systemized their affairs and with trying now to add some of the clerks that had been previously dropped when the economy experts pruned down the House payroll.

Democratic leaders asserted that the clerks were those usually assigned to the important committees of the House. Mr. Fitzgerald finally urged that the provision of his bill relating to the clerks be voted out. Representative Cox, of Indiana, proposed to cut the mileage allowance for Congressmen from ten cents to five cents a mile, but his plan met with no warmth of welcome, and was ruled out of order. Representative Garrett, of Tennessee, urged Mr. Cox not to make the motion now when we all need the money, but to make it at the next session.

The House passed a bill to pay $201,000 in mileage to members of the House and Senate and to provide for pages, extra employes, and stationery and printing of speeches for the individual members.

FOR BATTLESHIP UTAH.

Smoot Has Conference With Meyer Regarding Silver Service.

Washington, April 24. — Senator Smoot, of Utah, today had a conference with Secretary of the Navy Meyer regarding the design of the silver service to be presanted to the battleship Utah by the people of the United States of Utah. His call was the result of the criticisms made in the meetings of the Daughters of the American Revolution that the silver plate was to carry a likeness of Brigham Young. The senator told Mr. Meyer that the only representation of Mr. Young contained in the design was that of his figure as it appears on the pioneer monument in Salt Lake City. He said that this monument had been chosen by a committee composed of three Mormons and three non-Mormons, the chairman being Colonel D. C. Jackling, who is not affiliated with the Mormon church. He said Colonel Jackling had been largely instrumental in selecting the design and that the inclusion of the statue of Brigham Young was only incidental and due entirely to the fact that it was a part of the monument.

A committee, representing the Daughters of the American Revolution accompanied by a delegation of Washington ministers and by Mrs. H. S. Owen, of Salt Lake City, made verbal protests to Secretary Meyer today against the acceptance of the Utah service bearing Youngs likeness. Mr. Meyer said the gift was not yet within his urisdiction, but that when it had been received he would decide the matter.

Baltimore, April 24.—Cardinal Gibbons tonight made the following explanation of the letter which he sent to the Secretary of the Navy:

"A few days ago a number of ladies of the Daughters of the American Revolution called on me and stated that they were to protest against placing the likeness of Brigham Young on the silver service. They asked me to support them in their stand. I at once prote to Secretary Meyer and recommended to him that he give the ladies a hearing and commended them to his indulgence. I took no further action than this and my letter only recommends their cause for the Secretary's consideration."

Washington, April 24.—Secretary of Navy Meyer today received verbal protests against the government's acceptance of a silver service showing the likeness of Bigham Young, of the Mormon church, as Utahs gift to its battleship's namesake. The protests were from committees, bearing a letter of introduction from Cardinal Gibbons and representing the Daughters of the American Revolution.

The Cardinal's letter was followed by verbal protests from committees representing the Daughters of the American Revolution and the Pastors Inter-denominational Association of the District of Columbia and Mrs. H. S. Owen, of Salt Lake City.

PRIMARY AT GREENSBORO.

First Under Commission Form Charter Held Yeterday.

Greensboro, N. C., April 24.—In the first primary ever held in North Carolina under a commission government charter the following nominations for the heads of the three commissioners were made:

Mayor and Public Accounts S. H. Boyd and T. J. Murphy; public safety, J. R. Cutchin and E. A. Brown; public works, W. T. Sergeant and J. G. Foushee.

The nominees enter a general election to be held next Tuesday. By today's primary five aspirants were eliminated.

ENTOMBED MINERS ALL LIKELY DEAD

Twenty-Three Victims in Explosion Yesterday at Elk Garden, W. Va.

ORGANIZED A RESCUE CORPS

Caught Under Tons of Debris—Cause of Explosion Still Unknown—Most All of Victims Were Americans—Details.

Elk Garden, W. Va., April 24.—Twenty-two miners are entombed in Ott Mine No. 2, of the Davis Coakane Company, here as the result of an explosion early today, and little hope is entertained for the rescue of any of them alive because of the tons of debris that has thus far impeded the progress of rescue. It cannot be learned yet whether the explosion was caused by dust or gas. Officials of the company say they have never known their mines to be gaseous.

As soon as the acident became known Superintendent Robert Grant organized a rescue corps of the miners off duty, and these attempted to enter the mine, after notifying the officials of the coal company at Cumberland.

The rescue parties had not advanced far into the workings before they discovered it would take several days to dig through the roof coal and the slate that had been loosened by the explosion. It was then decided to effect an entrauce nearer the probable point of the explosion by cutting through the wall of an adjoining mine owned by the same company. Late this afternoon the rescuers had penetrated to the No. 2 mine at a point about 4,000 feet from the outside entry. There still remained about the same distance to go before reaching the miners.

The Ott Mine No. 2, is almost directly under the town of Elk Garden, which is on a hill. The mouth of the mine is about half a mile from the town. In striking contrast to the usual mine explosions the victims in this case, with one exception, are Americans.

The mine usually employs 200 men on the day shift and about the same number at night. A temporary suspension of work, however, required fewer men in the mines, else the easualty might have been greater.

Pittsburg, April 24.—Upon receipt of the news of the disaster at the executive offices of the Bureau of Mines here, rescue car No. 1, stationed at Wilkesbarre was ordered to Elk Garden and a crew was dispatched from here for relief work. From the executive offices went W. D. Roberts, first aid miner, and George T. Kellam, mine foreman; while from the government testing station went L. M. Jones, assistant mining engineer, John T. Ryan and David D. Davis, first aid miners.

The relief car and crew will reach the scene before daylight in the morning.

After penetrating about a mile down the main entry the rescuers tonight found the body of a man not yet identified. It had been crushed by a fall of slate, as though the roof had crumbled as he was running out of the mine. The discovery of this body disheartened the rescuers, who are positive that none of the others can be alive.

Several yards beyond the passage was completely blocked by the collapse of the roof. Behind and under this fall, it is believed the bodies of the miners lay.

Havoc wrought in the mine would indicate that the explosion was terrific. For a square mile or more the slate and coal split, and props were splintered, letting the roof fall in in large portions.

McFADEN SUPREME REGENT.

Richmond Pastor Granted Furlough of Two Years.

Richmond, Va., April 24.—The board of deacons of the First Presbyterian church, this city, has granted to Rev. T. McFaden, D. D., the pastor of the church, a furlough of two years in order that he may become Supreme Regent of the Royal Arcanum, to which office it is understood he will be elected at the convention of the Arcanum to be held in Minneapolis next month. Dr. McFaden is now vice supreme regent of the order. He will continue to reside in Richmond and will direct his work from headquarters here. It is probable that an assistant pastor will be chosen to carry on the work of the campaign in the absence of Dr. McFaden.

CAROLINA ROOSTERS WIN.

Georgia Birds Defeated in a Cocking Main Near Savannah.

Savannah, Ga., April 24.—There was a cocking main near Savannah yesterday where birds from South Carolina and Georgia were pitted against each other.

The South Carolina birds were victorious, winning nineteen of the twenty fights.

The main was fought about five miles from Savannah and the event was attended by more than a hundred men.

NATIONAL LEAGUE.

At Brooklyn, 0; Boston, 3.
At Philadelphia, 4; New York, 1.
At Cincinnati, 7; Chicago, 4.
At St. Louis, 6; Pittsburg, 5.

Standing of the Clubs:

Club:	Won.	Lost.	P. C.
Philadelphia	8	1	.889
Chicago	6	3	.667
New York	4	4	.444
Pittsburg	4	4	.500
Pittsburg	4	4	.500
Cincinnati	3	4	.429
Boston	4	6	.400
St. Louis	3	5	.375
Brooklyn	2	7	.222

Cincinnati, April 24.—A batting rally in the eighth inning consisting of four singles after Pfeister had walked a man gave Cincinnati four runs and allowed them to defeat Chicago 7 to 4.

Chicago .. ....200 000 101—4 10 2
Cincinnati .. ..300 000 04x—7 8 2

Pfeiste and Archer; Burns, Suggs and Clark. Time 2:25. Umpires Brennan and O'Day.

St. Louis, April 24.—A single, a sacrifice, and an error in the seventh inning enabled St. Louis to defeat Pittsburg in the opening game of the series today 6 to 5. Kenetachy and Leach hit for home runs.

Pittsburg .. ..020 003 000 00—5 11 3
St. Louis .. ..300 000 110 01—6 13 2

Leifield and Gibson; Sallee, G. Laudermilk Gemer and Bliss. Time 2:20. Umpires Rigler and Finneran.

Philadelphia, April 24.—New York lost today's game here by 4 to 1. Philadelphia's victory was due to their bunching hits in the first and third innings while Titus made a home run in the eighth.

New York .. ..000 010 000—1 9 1
Philadelphia ..201 000 01x—3 6 0

Wiltse and yer; Rowan and Dooin. Time 1:35; umpires Johnstone and Eason.

Brooklyn, N. Y., April 24.—Brooklyn outhit Boston today but was beaten 3 to 0, through the wildness of the pitchers. There was not a strike out in the game.

Boston .. ..000 000 102—3 4 0
Brooklyn .. ....000 000 000—0 6 1

Pfeffer and Graham; Schardt, Ryan and Bergen and Erwin; umpires Klem and Doyle; time 1:54.

Sunday Games.

At Pittsburg 1; Cincinnati 0.

AMERICAN LEAGUE.

At New York, 5; Washington, 3.
At Boston, 1; Philadelphia, 5.
At Detroit, 7; St. Louis, 6.
At Chicago, 2; Cleveland, 5.

Standing of the Clubs:

Club:	Won.	Lost.	P. C.
Detroit	8	1	.889
New York	5	2	.714
Washington	4	3	.571
Boston	4	4	.500
Cleveland	5	5	.500
Chicago	4	6	.400
St. Louis	3	8	.273
Philadelphia	2	6	.250

Detroit, April 24.—Baseball luck favored Detroit today and St. Louis after an exciting rally in the ninth, was defeated 7 to 6, a unique play occuring in the eighth, lessening St. Louis' chance to victory. With Austin on second, Murray on first and nobody out, Lapote lifted an infield ny which was muffed. Austin and Murray, apparently confused, left their bases and Moriarty threw the ball to Bush, who retired both men unassisted.

St. Louis .. ..100 100 004—6 10 5
Detroit .. ....103 100 02x—7 4 2

Hamilton and Clarke; Lively and Stanage; time 1:53; umpires O'Loughlin and Dinneen.

New York, April 24.—The Highlanders hit Walter Johnson freely today and took a loosely played, but exciting game from Washington by the score of 5 to 3.

Washington ....000 100 002—3 6 3
New York .. ..010 001 03x—5 11 5

W. Johnson and Ainsworth; Quinn, Caldwell and Sweeney and Blair; time 2:10; umpires Ullen and Conolly.

Chicago, April 24.—Opportune hitting, coupled with bases on balls and errors gave Cleveland today's game by a score of 5 to 2.

Chicago .. ....000 200 000—2 5 4
Cleveland .....000 220 100—5 7 2

Lange, Scott and Payne; Krapp and Smith; time 2:00; umpires Perrine and Sheridan.

Boston, April 24.—In a heavy slugging match Philadelphia struck winning form today defeating Boston 5 to 1. The local team barely escaped a shut out. The score:

Boston .. ..000 000 100—1 5 1
Philadelphia ....00 300 110—5 12 0

Karger and Carrigan; Plank and Thomas; time 1:50; umpires Egan and Evans.

At Detroit 4; St. Louis 3.
At Cleveland 5; Chicago 2.

CAROLINA DEFEATS PENNSYS.

Defeated LaFayette at Easton Yesterday by the Score of 2 to 6.

Easton, Pa., April 25.—The University of North Carolina defeated LaFayette College here this afternoon by a score of 6 to 2. The contest was exciting at times, both pitchers doing splendid work, but the fielding was poor during the last three innings, LaFayette making eight errors.

Score by innings

LaFayette .. ..000 002 000—2 5 8
North Carolina 100 000 41x—6 4 5

Long and Conover; Duls and Witherington.

WELLS TAKES CHAMPIONSHIP.

Hague Was Easy Mark Before National Sporting Club.

London, April 24. — Bombadier Wells made a chopping block of Ian Hague in a fight tonight before the National Sporst Club for the English Leavyweight championship and the Lonsdale belt. Both contestants for the title are Englishmen, and Wells, after administering severe punishment to his opponent, knocked him out in the sixth round.

GYMNASTIC PROGRAMME.

Exhibition at the Boys' Brigade Armory Tonight.

A most interesting gymnastic programme will be presented at the Boys' Brigade armory this evening and the various feats will be executed with unusual skill for amateurs as quite a number of the members of the Brigade are highly efficient in the exercises and for several weeks those who will participate in the exercises this evening have been training. The following programme has been announced:

1—Running Maize, Class.
2—Elementary Exercies, Class.
3—High Jumping, Junior Clas.
4—Acrobatic, Chas .Bell and U. C. Ellis.
5—Comedy Boxing, A. Norwood and H. Fergus.
6—Parallel Bars, Advanced Exercises, W. R. Dosher, E. C. Dixon, H. L. Dixon and Chas. Dushan.
7—Pyramids, C. C. Davis, C. W. Davis, C. Dixon, S. Branch, H. Register, E. J. Irving, R. Kerman, H. Davis, C. Bell, U. C. Ellis, H. Fergus, R. Sholar and W. R. Dosher.
8—Wand Drill Orchestra accompaniment, Class.

The doors will open at 8 P .M. and the exhibition will begin promptly at 8:30 o'clock.

DANVILLE CHAMPIONS LOSE.

Lynchburg Won Opening Game by the Score of 3 to 1.

Danville, Va., April 24.—The Danville team, champions of the Virgina League, lost the opening game on the home grounds to Lynchburg by 3 to 1 in a pretty 11-inning pitchers' battle this afternoon. Pitcher Brooks, of Lynchburg, pitched in mid-season form and was given sensational support. Brady, while hit fairly hard, kept the bingles well scattered, the trying run being scored on the local's score. He weakened in the 11th, however, walking a batsman and yielding a triple and a single.

Lynchburg ...001 000 000 02—3 10 1
Danville .....010 000 000 00—1 4 4

Brooks and McCormac; Brady and Locklin; umpires Cook and Nugent.

ARMOUR DEFEATS CRONLY.

Rather One-Sided Game Saturday Results in Score of 8 to 1.

(Special Star Correspondence.)

Cronly, N. C., April 24.—In a rather one-sided game Saturday, Armour defeated Cronly by the score of 8 to 1. The feature of the game was the all-round playing of Armour. Score:

Armour .....202 31—8 3 3
Cronly .....000 10—1 4 5

Two-base hits, King and Trust; three-base hits, Meredith; struck out, Boons, 3, King 6; batteries, Cronly, Boons and Oliver; Armour, King and Trust.

TO FIGHT BOLL WEEVIL.

Appropriation of $200,000 Provided for in Bill in Congress.

Washington, April 24.—An appropriation of $200,000 for the purpose of fighting the ravages of the cotton boll weevil is provided for in a bill introduced today by Representative Tribble, of Georgia. The Secretary of Agriculture is authorized by the bill to direct the work.

BACK GIVES OUT

Plenty of Wilmington Readers Have This Experience.

You tax the kidneys—overwork them—

They can't keep up the continual strain.

The back gives out—it aches and pains;

Urinary troubles set in.

Don't wait longer—take Doan's Kidney Pills.

Wilmington people tell you how they act.

Joseph C. Vereen, 320 S. Sixth St., Wilmington, N. C., says: "Some time ago I strained myself while lifting and soon after my back became very lame and sore. I could not stoop without having sharp pains shoot through my body. My kidneys also bothered me and I had constant desire to pass the kidney secretions particularly at night. I could get nothing that would relieve me until I procured Doan's Kidney Pills at Robt. R. Bellamy's Drug Store. The use of two boxes stopped the pains in my back and regulated the passages of the kidney secretions. I am very willing to recommend Doan's Kidney Pills."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

"THE WRONG MR. GANTT."

Not Trinity's Best Pitcher in Game at Atlanta Saturday.

(Special Star Correspondence.)

Trinity College, Durham, N. C., April 24.—Your correspondent is desirous of correcting a mistake that appeared in the report in your Sunday issue about the baeball game with the Georgia Tech team at Atlanta, Ga., last Saturday. Your headline read "The Mighty Goes Down in Defeat." Your correspondent takes it that you meant that our best pitcher lost his game. Trinity has on her team two Gantts, one Sam and the other Bob, and they are brothers. Bob is the older, and by far the better pitcher of the two; he is the one who has starred so many times on the mound for Trinity, and who has saved her from many humiliating defeats. This Gantt has not lost a game this year, and has played some of the finest ball ever seen here. It was his brother that lost the game to the Techs last Saturday at Atlanta, and it was not the "Mighty" that went down before the Georgia Crackers.

DEFEATED WASHINGTON & LEE.

Track Meet With Carolina Yesterhay at Lexington—Score.

(Special Star Telegram.)

Lexington, Va., April 24.—North Carolina defeated Washington and Lee in a track meet today by the score of 62 to 46. Miller, football star, raised the local shot-put record one inch, Glass, star of the meet, scoring 13 points, placing in every event he entered and defeating Winston, the Carolina star sprinter, in the 220-yard dash. Wood won the mile by a brilliant sprint in the last 20 yards. Satterfield repeated his former performance in the hurdles and pole vault, scoring eight points. The Varsity was surprised at the showing owing to the lack of practice and the weather conditions.

AFFAIRS AT RALEIGH.

April Term of Wake Court—Executors Sale of Real Estate.

(Special Star Correspondence.)

Raleigh, N. C., April 24.—The April term of Wake County Superior Court was convened today by Judge Whedbee, of Greenville, for a three weeks' term in the trial of civil causes. A divorce was granted in the first case called, Willie Rogers vs. Loula Rogers. There was an order for continuance in the case of Pittsburg Plate Glass Co., vs. R. L. Green, and the court spent the afternoon in the trial of A. Eugenia Chadwick vs. Life Insurance Co., of Virginia.

Following this case there will be the trial of the suit of W. F. Myatt vs. Seaboard Air Line Railway Co., involving $5,000 damage claimed for the burning of the buildings connected with an old tannery half a mile from Raleigh. The claim is that the place was set on fire by sparks from Seaboard engines and that this is really the second fire causing heavy damages at this place that resulted from sparks from the locomotives of the Seaboard. Judge Whedbee signed a judgment in favor of the Seaboard Air Line against the Northampton & Hertford Railroad Co., for $2,906.

Col. Alex. J. Field, private secretary to Governor Kitchin, spent Sunday in Greensboro for the funeral of Mrs. E. J. Wyche, of that place, who was a sister of Mrs. Field.

There are numerous special calls for the last annual report of Commissioner of Labor and Printing M. L. Shipman, which deals especially with North Carolina's manufacturing interests and some high and notable compliments are being paid the showing that is made and the general "get-up" of the report. One note from a New Jersey firm of manufacturing chemists pronounces the report the most complete colume of the kind they have yet seen from any State in the Union, showing the enterprises and resources of the Old North State that come within the scope of the department in a most enlightening and accessible manner.

There was today at the Wake county court house door the executor's sale of the real estate belonging to the estate of the late H. M. Love, including valuable property on Newbern avenue at the corner of Bloodworth street. This lot, about 120x100 feet, brought $6,060. It has two inexpensive dwellings on it. There was another negro tenement property sold, the total transaction rounding up $7,160.

MILITARY RULE IN OPERATION.

Three People Make Crowd and no Crowd Will be Allowed There.

Muscatine, Ia., April 24.—Military rule went into effect in Muscatine today by order of Major George W. Ball, in charge of the Iowa State troops sent here to preserve order during the button strike. No public meetings of any sort are to be permitted after dark.

No crowds will be permitted and three persons will be adjudged a crowd. All social and religious meetings of every description will of a necessity be abandoned as long as the troops remain.

HYDE HOPES TO QUIT PRISON.

Alleged Slayer of Swope Appears in Court for the Hearing.

Kansas City, April 24.—Arguments on the application for a writ of habeas corpus for Dr. B. C. Hyde, under a life sentence for the murder of Col. Thomas H. Swope, were begun before Judge Stover of the circuit court here today. Dr. Hyde was in the court room, it being the first time he has been allowed to leave the county jail since the birth of his son last September.

The petition for the release of Dr. Hyde sets forth two reasons why he should be given his liberty on bond. First, that the proof was not evident and the presumption not great that the physician is guilty of murder in the first degree. Second, that he is not guilty.

Attorney Frank P. Walsh made the principal argument for Hyde, and County Prosecutor Virgil Conkling represented the State. Mr. Walsh argued that the opinion of the Supreme Court by which the first trial of Hyde was reversed and remanded, attacked the evidence of the State as not showing that Col. Swope died of poisoning as charged, but rather that death was due to senile debility.

Savannah, April 24.—While going to a fire this morning Chief Ballantyne, of the Savannah fire department, in his automobile collided with a piece of the fire department apparatus at Broughton and Drayton streets. The apparatus was badly damaged, but no one was hurt.

Kicked by a Mad Horse.

Samuel Birch, of Beetown, Wis., had a most narrow escape from losing his leg, as no doctor could heal the frightful sore that developed, but at last Bucklen's Arnica Salve cured it completely. Its the greatest healer of ulcers, burns, boils, eczema, scalds, cuts, corns, cold-stores, bruises and piles on earth. Try it. 25c at R. R. Bellamy's.

DR. CULBRETH'S Dental Parlors

BEST FOR BISCUITS.

A prominent teacher in one of the Domestic Science schools in Mississippi writes that she is using Cottolene with excellent results. She says:

"For biscuits Cottolene is all that could be desired. The biscuits are light and flaky, with none of that disagreeable odor often found in foods shortened with lard. Cottolene is also an excellent medium for frying croquettes and doughnuts. It gives them a clean, crisp, brown crust."

Other noted experts, such as Mrs. Rorer and Marion Harland, have given similar testimony to the merits of Cottolene. It not only gives better results than lard but is much more wholesome and economical as well

"Twilight," by Mr. Baldwin—at the Grand. **

ELECTION NOTICE.

The Board of Commissioners of New Hanover County in accordance with the provisions of an Act of the General Assembly of North Carolina passed at its 1911 Session, entitled "An Act to empower the Board of Commissioners of New Hanover county to issue bonds for road improvement and to construct bridges," and by virtue of the power therein given, do hereby call and give notice of an election to be held by the qualified voters of New Hanover county, on Wednesday, the 31st day of May, 1911, between the hours of sunrise and sunset, to determine whether New Hanover county, North Carolina, shall issue $50,000 of its bonds, with interest coupons attached, to continue and complete the repairing, construction and improving the public roads and bridges in said county.

At this election the ballots tendered and cast by the qualified electors shall have written or printed upon them "For continuing and completing the construction and improvement of the public roads and bridges of the County," or "Against the continuing and completing the construction and improvement of the public roads and bridges of the County".

All qualified electors who favor the issue of said bonds shall vote "For continuing and completing the construction and improvement of the public roads and bridges of the County," and all qualified electors who are opposed to the issue of said bonds shall vote "Against the continuing and completing the construction and improvement of the public roads and bridges of the county."

For the purpose of this election as authorized by the said Act, the said Board of Commissioners have ordered, and do hereby order, a new registration for said election, and the following are designated as the polling places in the several townships, precincts and wards, and the persons hereinafter named have been appointed as the Registrars and Judges of election in the said several townships, precincts and wards.

Cape Fear Township—Polling places, Blossom's Store, Castle Hayne; registrar, W. B. Hunt; judges, W. H. Shearin and J. H. Johnson.

Harnett, First Division—Sneeden's Store, Delgado; H. C. Creech, registrar; W. A. Woods and E. C. Holt, judges.

Harnett, Second Division — Township House, polling place; J. A. Everett, registrar; Geo. R. Smith and Gerrit Walker, judges.

Masonboro township, Township House, polling place; F. A. Montgomery, registrar; D. D. George and Andrew Capps, judges.

Federal Point township, Carolina Beach, polling place; Hans A. Kure, registrar; Thos. J. Burnett and Melvin Horne, judges.

Wilmington—First ward, Precinct No. 1, Engine House, 4th and Campbell streets, polling place; Fred Moore, registrar; C. F. W. Rehder and F. P. Lamb, judges.

Wilmington—First ward, Precinct No. 2, Kerr's Store, 4th and Harnett streets; Isaiah West, registrar; Geo. H. Heyer and C. L. Spencer, judges.

Wilmington — Second ward, Woolvin Building, Princess street, polling place; C. H. Ward, registrar; T. W. Wood and F. S. Shepard, judges.

Wilmington — Third ward, Giblem Lodge, 8th and Princess streets, polling place; H. B. Hines, registrar; L. B. Sasser and Russell Bellamy, judges.

Fourth Ward—W. P. Oldham's Store, Dock between Front and 2nd streets, polling place; M. Cronly, registrar; W. D. McMillan, Jr., and T. G. Pickett, judges.

Fifth Ward, Precinct No. 1, Engine House, 6th and Castle streets, polling place; Jno. W. Gafford, registrar; J. E. Taylor and Henry Gerdes, judges.

Fifth ward, Precinct No. 2, Market House, 5th and Castle streets, polling place; R. A. Burnett, registrar; J. O. Brock and T. B. Willard, judges.

The Registration Books of each Township ,precinct and ward will be kept open for the registration of electors for twenty days preceding the day for closing the registration books as hereinafter provided, Sundays,excepted, between the hours of 9 o'clock A. M., and sunset on each day, beginning the 27th day of April, 1911; and said books shall be closed for registration at sunset on the second Saturday before the election, to-wit: On the 20th day of May, 1911, and on Saturday, the 27th day of April, 1911, and on the 6th day of May, 1911, and on the 13th day of May, 1911, and on the 20th day of May, the Saturdays thereafter, the registrars shall attend with their registration books at the polling places of their respective Townships, precincts and wards, for the registration of electors.

The registrars will attend the polling places of their respective Townships, precincts and wards with the registration books, on the Saturday preceding the election, to-wit, the 27th day of May, 1911, from the hour of 9 o'clock A. M., till the hour of 3 o'clock P. M., when and where the said books will be open for the inspection of the electors of said Townships, precincts and wards, and any of the said electors shall be allowed to object to the name of any person appearing on said books.

This, the 24th day of April, 1911, by order of the Board of Commissioners of New Hanover County.

D. McEACHERN,
Chairman.

Attest:
JOHN HAAR,
Clerk.

AFFAIRS AT STATE CAPITAL

Twelfth District Cases in Supreme Court—Charters Granted—Royal Arcanum—Tablet Unveiling—Other Notes.

(Special Star Correspondence.)

Raleigh, N. C., April 24.—When appeals from the 12th district are called in the Supreme Court tomorrow for argument the first one up will be State vs. Houston, et al., from Mecklenburg county, in which there are three men under conviction and sentence for committing murder at a big negro fish fry at Rossboro, near Charlotte, Chas. Houston, Sam Byers and Will Byrd, their victim being Erskin Kirkpatrick.

It seems that during the revelry Henry Kirkpatrick stepped on Chas. Horton's toe and, later out in the yard, Horton complained to Henry, who replied with the advice to "keep his toe in his pocket." The fight followed in which 40 shots were fired, one witness saying that the shooting reminded him of a cane-brake afire. Erskin Kirkpatrick was fatally wounded and the three defendants are held to be responsible for the death. Attorney General Bickett will represent the State and the defendants will be represented by McRae & Stewart and F. M. Reed.

The North Carolina Grand Council, Royal Arcanum, which has 46 councils in this State with over 3,500 members, will convene in annual session at Hickory on Wednesday of this week. A number of the Grand Officers go from Raleigh, these including Grand Vice Regent C. A. Johnson; Grand Treasurer E. L. Harris and Grand Trustee J. M. Norwood. The Grand Regent is F. W. Hancock, Oxford.

The Southern Milling Co., Asheboro, was chartered today with $50,000 capital by C. L. Cranford and others for a general flour and feed milling business. Another charter is for the Pine view Farm Co., Fayetteville, capital $50,000 authorized and $1,000 subscribed by W. F. Smith, C. W. Sandrock and others for general farm land development. There is also the Waynesville Supply Co., for manufacturing and dealing in machinery, electrical and plumbing supplies. The capital is $5,000, by J. N. Schoolbred and others. There is an amendment for the Austin-Heaton Co., Durham, increasing the capital to $100,000. J. S. Carr, Jr., is one of the principal stockholders.

Hon. J. Y. Joyner, State Superintendent of Public Instruction, returned Sunday from Jacksonville, where he attended the sessions of the Southern Educational Conference, which he says proved decidedly the best in the history of the organization.

May 9th Robeson county votes on the establishment of a Farm-Life school for the county under the operation of the act of the recent Legislature providing that where a county provides a $25,000 plant and $2,500 annually for maintenance, the State will appropriate $2,500 annually for maintenance. State Superintendent Joyner left for Robeson this afternoon to spend most of the week speaking in various parts of the county and working in the interest of the election. The prospects are said to be very good indeed for the school to win by a good majority.

Wednesday morning of this week there will take place here the unveiling and presentation to the city by the Bloomsburg Chapter, Daughters of the Revolution, of a tablet marking the site of the old town of Bloomsburg and later Wake Court House, this being now within the corporate limits of Raleigh, at the corner of Morgan street and Boylan avenue. The tablet is now veiled on a boulder planted at this spot. And it bears this inscription: "On and around this spot the old town of Bloomsburg, or Wake Court House, which was erected and made the county seat when Wake county was established in 1771. This place was the rendezvous of a part of Governor Tyron's army when he marched against the Regulators in 1771. Here met the State revolutionary assembly in 1781, and to this vicinity was removed the seat of government when the Capital City of Raleigh was incorporated in 1792."

"This memorial placed by the Bloomsburg Chapter, Daughters of the Revolution, in A. D. 1911."

The address for the presentation of the tablet will be by W. B. Snow, Esq., of Raleigh, the presentation by Miss Mary Hilliard Hinton, regent of the North Carolina Chapter, Daughters of the Revolution, and the acceptance will be by Mayor Wynne, of Raleigh.

On account of being a complete mental as well as a physical wreck and an entirely irresponsible case, C. Tom Bailey, formerly pastmaster of Raleigh, was today committed to the State Hospital for the Insane here. His latest prank was to go to the State school for the blind with a pal and represent to Prof Costner there, and Miss Davis, a member of the faculty, that he and a friend were about to be committed to jail for a lack of $10. The tale was so touching that Mr. Costner and Miss Davis gave them $5 each which was used speedily for drink. There is considerable property here that is being held in tsust for the ex-postmaster's little daughter. Mrs. Bailey died a couple of years ago.

POLITICS AND LAND SALE.

High Prices of Real Estate—Municipal Campaign in Full Swing.

(By Long Distance Telephone.)

Lumberton N. C., April 24.—There was a big land sale here today. Several large tracts belonging to the L. T. Cottingham Lumber Co., were sold under mortagage, 900 acres for 25,615. One tract of 274 acres brought $14,900, while another of 642 acres brought $3,250.

Mr. W. E. Hooks, who entered the race for Mayor about a month ago, addressed another large meeting of citizens at the Court House tonight, after which he announced his withdrawal from the race, advising his friends to vote for whom they pleased. The fight tomorrow will be between Messrs. White and Thompson and the indications are that the race will be close.

Send your children to our play house—the Grand. **

DEATH OF MRS. HUMPHREY.

Robeson Woman Passes Away in Charlotte—Heavy Frost.

(Special Star Correspondence.)

Lumberton, N. C., April 24.—Many friends were made sad yesterday morning about 8 o'clock when a 'phone message was received announcing the death of Mrs. Richard Humphrey, which occurred in Charlotte Saturday night. Mrs. Humphrey went to Charlotte two weeks ago for treatment, though little hope for her heocvery was entertained. Saturday she underwent an operation and though she rallied for a little while, the shock was too great for her weakened condition. Mrs. Humphrey was about 50 years old and one of the best women in the section in which she lived. Her husband and two sons, Dr. David Humphrey and Mr. Walter Humphrey, and one daughter, Miss Annabel Humphrey, were with her when the end came. The remains arrived here yesterday morning at 9:50 and were met by a large number of sorrowing friends and relatives who preceeded to the grief-stricken home at Saddle Tree, 10 miles from town, where the funeral was conducted in the afternoon by Revs C. H. Durham and I. P. Hedgepeth. The attendance was so large that many were unable to gain admittance to the church. Mrs. Humphrey was a sister of Prof. J. B. Carlyle, of Wake Forest, and an aunt of Messrs. K. M., Jno. T., and Dennis Biggs, and a cousin of Mrs. R. D. Caldwell, of Lumberton.

Considerable frost occurred here this morning and two or three gentlemen report having seen ice in exposed places, though it was very thin. Thirty-eight years aog tomorrow night, this section was visited by a frost that killed everything in sight. History seems to have a good chance to repeat itself.——Messrs. R. D. and L. H. Caldwell spent today in Wilmington.

COLUMBUS COURT.

Minor Cases This Week—Strawberry Outlook—Other Notes.

(Special Star Correspondence.)

Whiteville, N. C., April 24.—It is thought that court will remain in session all of the present week, as the docket is laden with minor cases, but nothing of much importance. Several days last week were consumed in trying cases against railroads for setting lands on fire, and small verdicts were given in every case. Judge Cooke went over to Chadbourn yesterday and spent Saturday with Hon. J. A. Brown.

Mrs. Sims, of Atlanta, is on a visit to her daughter, Mrs. S. E. Memory. Mrs. Sims has rented her home in Atlanta and it is hoped that she will spend a good portion of her time now in Whiteville.

It was apprehended last evening that the cold snap would bring frost and injure fruit, especially strawberries, but it is thought no great harm was done. There are only a few scattering pears and peaches, but unless we have a killing frost there will be a good crop of apples and grapes.

Measles are still raging as an epidemic in our county, and in some instances entire families are down.

The geheral strawberry crop is unusually late and it is feared that prices will take a drop before growers can get their fruit into market. The last few days a slight decline in price set in. One grower stated Saturday that he had not as yet sold a single crate, although he has a fine crop of berries on his vines now ripening.

Miss Esther Maultsby, the bright and popular young lady who has charge of our postoffice, has returned to her work after a pleasant visit to Raleigh, Charlotte and other points.

Mr. Hicks, a leading business man of Wilmington, spent several days last week in Whiteville.

DAMAGE BY FROST.

Reported That Beans and Other Truck Was Badly Damaged Yesterday.

(Special Star Correspondence.)

Rocky Point, N. C., April 24.—The frost damage this morning amounts to a considerable bit. Beans are damaged at the lowest estimate, 35 per cent. Cukes not quite so badly hurt. All berry bloom exposed was given a "black eye," and the small berries are also hurt. Corn has escaped any serious damage. Some cotton up but not much hurt. The cold seems to have put in its work in streaks, a wide swath near the church where Deacons Tom and Will Brown and Coroner Peeden live, seems to have escaped unhurt, while there are other spots killed and looking as black as a hat.

The new schedule to be put on May 15th between Goldsboro and Wilmington meets with hearty approval of the people. When you wish to make a trip to town you can at night possibly, not have to stand up all the way, and may be able to ride "in state" with a car all to yourself. If the A. C. L. wishes plenty of traffic why cut rates for round trips like the Summer Sunday racket. Anyway, there was a kick when the Shoo-Fly was put on years ago. It can't be claimed that it does not pay to run it. The commercial travelers will no doubt feel thankful for the additional train and many others will no doubt fall in line and make this midnight and 4 A. M. a profitable pull, giving so many hours North, East and West of Goldsboro to the traveling public.

S. B. Downes & Co., through Messrs. J. R. Phillips and W. W. Pearsall are loading the first car of berries on the A. C. L. for S. B. Downes & Co., New York.——Mr. S. A. Rice, of Baltimore, is here looking after the berry business.

Petersburg, Va., April 24.—Thirty-five hundred persons witnessed the game this afternoon between Richmond and Petersburg (Virginia League). Mattis' home run hit and spectacular one-hand catch featured. Richmond won 4 to 1.

A CARD.

Mr. Editor:—I desire to thank my friends through columns of your paper for the loyal support accorded me in the primary on Tuesday last, and assure them that if elected as councilman from the Fourth Ward at the coming election, to give, at all times, my best efforts in the upbuilding of this community. Without declaring a platform, I shall pursue such a course as will rebound to the best interest of Wilmington, and will at all times stand for the enforcement of law and the maintenance of order.

Respectfully,
PARKER QUINCE MOORE.

HOME DOINGS IN CONGRESS

First Carolina Democrats to Get Patronage—Bright Page from This State—Representative Stedman's Committee.

(By H. E. C. Bryant.)
Wilmington Star Bureau.

Washington, April 24.—The first North Carolina Democrats to get patronage from a member of the present Congress was Mr. Edwin D. Stimpson, who came here during the Cleveland days, and Isaac Henry Horton, a grandson of George P. Horton, of Union county. The former will be a folder in the House folding room and the latter, a page.

Representative Page will divide his $1,500 between them. Both of them need the positions. Mr. Stimpson's friends in the State are very grateful to Mr. Page for giving him this lift. The relatives of the boy are very proud to have him a page of the first Democratic House in years. Mr. Stimson and Master Horton go to work today.

Mr. Webb, who labored so hard and successfully to get Fuller Wishart, a Charlotte newsboy, in as page a year ago, will keep him. Fuller is a superintendent of pages. He has grown tall and looks like a Congressman. His father was among the first white barbers that ever worked in Charlotte.

Being thoroughly abreast of the times Fuller has organized his pages into a Capitol Hill baseball nine. He practices on the capitol grounds.

The University baseball team is here today. It will play this afternoon and tomorrow. Thad Page, a son of Representative Page, is a member of the team.

Representative Stedman went with his committee, the Committee on Foreign Affairs, to call on Secretary Knox Saturday. He was delighted with the visit.

Vernon Rhoades, William W. Ashe and D. W. Adams, three expert foresters, have gone to North Carolina to look after the selection of lands to be purchased under the Weeks' law. Mr. Rhoades will be at Black Mountain. Messrs. Ashe and Adams will be in the various sections of the West.

Josephus Daniels, of Raleigh; Prescent L. L. Hobbs, of Guilford College; J. Elwood Cox, of High Point; and Marshall Bell, of Murphy, were here today.

Newfoundland is watching eagerly the progress of the Canadian reciprocity bill in Congress. She is keenly intrested, being prepared to consider reciprocity, herself, with the United States in the mater of fishery products. She would grant American fishermen the right to purchase bait in return for free entry of Terranovan fish into American markets. If Newfoundland were so disposed she, by enforcing the Bait Act against American fishermen, would cripple the industry in the Northern waters.

Off the esat coast of Newfoundland, on the Grand Banks and lesser ledges, the fishing industry is very prosperous and profitable at imes. The territory extends from Fundy Bay to Labrador. If fishermen are able to secure plenty of bait their profits run high. The bait used is small fish-herring, caplin and squid. Halibut, cod and haddock are caught with it.

French, American and Canadian fishermen do what is called "bank-fishing" in the Newfoundland waters. The French have headquarters at St. Pierre, the Aemricans at Gloucester and the Canadians at Lunenburg.

The little fishes, used for bait, abound in the waters along the Newfoundland seaboard. The success of the fishermen depends largely upon their ability to get bait.

Senator Overman introduced a bill today to apply a part of the proceeds of the public lands for the support of farm life schools in the South. The purpose of the measure is to increase knowledge of farming and benefit the agriculturist.

STRIPLING TO SERVE TERM.

Former Danville Chief Will be Sent to Milledgeville for Life.

Atlanta, Ga., April 24.—Thomas Edgar Stripling, the former Danville, Va., police chief, whom Governor Brown refused to pardon for killing W. J. Cornell in this State, 14 years ago, probably will be sent to the prison farm at Millegeville to serve a life sentence. Reports from Columbus, where the man is in jail, are that he is ill and in no condition to work on the roads, as other prisoners do. It is probable he will be removed tomorrow.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

S.S.S. DRIVES OUT RHEUMATISM

The primary cause of Rheumatism results from weak kidneys, constipation, indigestion, etc., forming impure accumulations in the system. These sour and ferment, causing uric acid, which is absorbed from the stomach and intestines into the blood. This changes the circulation from a thick, rich fluid to a thin, acrid stream, depositing inflammatory matter into the muscles, nerves, and joints. The longer the blood is allowed to remain in this impure condition the more severe will Rheumatism become. Gradually the muscles harden and lose their elasticity, the joints begin to stiffen, and frequently calculous deposits form knots at the finger joints. There is just one way to CURE Rheumatism, and that is to cleanse the blood of the uric acid poison. S. S. S., by removing every particle of the cause and PURIFYING the blood, cures Rheumatism permanently. S. S. S. eliminates the uric acid because it is the greatest of all blood purifiers. It filters out every trace of the sour, inflammatory matter, cools the acid-heated blood, furnishes the material for multiplying the rich, nutritious corpuscles of the circulation, and by its fine tonic effects assists the system to rapidly overcome the effects of the disease. Special book on Rheumatism and medical advice free. S. S. S. is for sale at drug stores. THE SWIFT SPECIFIC CO., ATLANTA, GA.

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 60 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Tuesday, April 25, 1911.

A Texas woman owns a million acres of land. No doubt her old man is glad of it, for it affords him unequaled opportunities for taking to the woods.

Secretary MacVeagh urges the South to turn Republican. There are no inducements to do that since the Democrats are likely to control the Federal patronage. The Republicans will have a hard time getting recruits in the face of the good time coming.

Mayor Fawcett, of Tacoma, Washington, has been voted out by the "recall" provision of the commission form of government, but he blames it on the indifference of the lady voters who failed to turn out and sustain him. He was author of an anti-treating ordinance and the men couldn't stand for him, while the ladies left him to his fate. Voting is a serious thing under the "recall."

The Harmon boom for the Presidency started by the Democratic Congressmen from Ohio, at Washington last week, is to be followed by a movement on the part of Governor Woodrow Wilson, of New Jersey. Wilson is to "swing around the circle" in the West, where, it seems, all aspirants turn their first attention. Meanwhile, we are told that Speaker Champ Clark has a boomlet which is said to be carefully kept in the incubator. While out West, Governor Wilson, will be Col. Bryan's guest and that has politicians guessing.

The vote for the election to be held May 2nd to chose five councilmen under Wilmington's new commission form of government promises to be larger than in many years. More than 3,000 voters have registered and we rather take it that it is a sign that deep interest is being taken in the choice of a government for Wilmington. If that interest is on the part of citizens seeking only the good of Wilmington it is a healthy sign, but just what the heavy registration means will appear later. All good citizens should register and vote. Only a few days are left for the performance of that duty.

It is estimated by National Bacteriologist, George Whitfield Stiles, that in 1904 more than 25,000,000 bushels of oysters were marketed in the United States and that their value was $20,000,000. It is one of the most widespread and important industries of America, but Mr. Stiles has made a report declaring that the entire shell-fish industry, including both oystres and clams, is threatened with destruction and that there is needless suffering from disease due to polluted waters. North Carolina has a vast area of shell-fish waters and as they are far removed from sources of pollution, the industry on our coast is bound to attract attention sooner or later.

Something new in the way of a joint debate will be held in Washington on the evening of May 2nd, when this query will be discussed by men with National reputations: "Resolved, That whiskers are a greater detriment to a man than a bald head." Representatives Nick Longworth and Ollie James will hold-up the cause of the baldheaded men, and Senator John W. Kern and ex-Speaker Cannon will do the best they can for whiskers. The billy goat probably will look forward to the debate for some sort of justification for having a set of chin whsikers for which there is no apparent use. Something rich, rare and racy will result from a debate which will be free from partisan bias.

SYNDICATE DEVELOPMENT PLAN.

The Star, on numerous ocasions, has urged that the best means to bring settlers to eastern North Carolina is through syndicate farms companies, syndicate farming companies and syndiacte land companies. Such companies, backed by ample capital, coupled up with a good publicity scheme and capable management, will prove to be the most effective and rapid method of developing the idle agricultural lands in this splendid region.

The kind of companies alluded to are corporations such as have developed agricultural areas in Texas, Louisiana, Arkansas and Florida, and the Star is glad to note that movements like that are now on in North Carolina. They should meet with the earnest co-operation and hearty encouragement of our people, for it will be found that they will be the greatest factors in bringing homeseekers to North Carolina for the development of the thousands of acres of fertile lands that await settlement by an industrious and thrifty class of new-comers. One of this kind of development companies is the one which is being promoted by Mr. W. E. Housel, of Rochester, N. Y., who is interested in a big land and farming deal in Harnett county, North Carolina. Mr. Housel is now in the State to close up a deal for a tract of 11,000 acres of land, and yesterday he was in Wilmington on business in that connection.

Mention has heretofore been made in the Star of the plans of Mr. Housel and his associates, who include Northern and Southern capitalists, who are to be incorporated as the North Carolina Orchards Company, with a capital stock of $200,000. The corporation is to be a farming company which will develop its own property and not a farms company which buys land and re-sells it in small farms or tracts to suit purchasers. Mr. Housel's company proposes to develop 11,000 acres of land near Sprout Springs, Harnett county, formerly the holdings of the Harnett Lumber Company. Besides the lands, the company will take over the 13-mile railroad of the lumber company which runs from Manchester, on the Atlantic and Yadkin branch of the Atlantic Coast Line, to Cambro, Harnett county. The lumber railway runs through the lands to be developed, and this will be the first North Carolina farm so extensive that it will have its own railroad.

The fact is, the company's plans are of such large scope that it will have its own cotton seed oil mill, ginneries, grist mill, crate and box factory, canning factory and other industrial establishments necessary in such a mammoth farming enterprise. Prof. W. N. Hutt, State Horticulturist, recently examined the lands for the company, and he finds soil of several varieties, the chief being a gray and black sandy loam, which he announces as specially adapted to the production of pecans, peaches, strawberries, scuppernong grapes, lettuce, all kinds of truck crops, and those ever reliable money crops, cotton, tobacco, peanuts, corn, sweet potatoes, Irish potatoes, cantaloupes, watermelons etc. Indeed, the lands are capable of producing an indefinite variety of crops, and it will be a great demonstration farm specializing in the money crops, but diversifying with a view to securing the best productive and financial results. The lands are well watered and well drained and while thousands of acres are yet to be cleared and brought under cultivation, 700 acres are developed agricultural lands which have been producing a bale of cotton to the acre, 75 busnels of corn per acre, and other crops in abundance.

It is proposed to make the farm a gigantic affairs, to be operated largely with power plows drawn by traction engines capable of plowing 25 acres a day. Modern farm machinery of all kinds will be used, and owing to the passing of the saw mills, it is said there is plenty of labor to carry on the operations. There are already on the place 70 houses and others will be erected where they are needed.

Mr. Housel hopes to have 3,000 acres of the 11,000 acre tract in cultivation by next season. Preparations are now being made to clear the land, and as rapidly as possible the plans will be carried out. The intention is to plant 3,000 acres in scuppernong grapes within the next five years, 3,000 acres in pecans and peaches, and to plant hundreds of acres in the other products heretofore mentioned.

Mr. Housel will manage the enterprise and will have as much money invested as any other one else, and he says 75 per cent. of the stock has already been written by Northern and Southern capitalists. The remainder of the stock probably will be offered in North Carolina. Former Associate Justice J. S. Manning, of Durham, is handling the legal propositions for the company.

In brief, this is what one class of development company proposes to do in North Carolina and it is to such companies and farms and land development companies that we must look for the systematic attraction of settlers to this State.

SALT YOUR MONEY DOWN.

Prosperity is assured where money is plentiful enough at home to start enterprises and take advantage of opportunities for investment. Money becomes capital when it is kept at home in such a lump that it can be invested when there is need for it. The more money we keep at home the more capital we will have to develop our resources, and for that reason The Star is always preaching about the imoprtance of keeping our money at home. The best way to keep it at home is for people generally to patronize home merchants and industries, and for those who accumulate money to invest it at home in establishing new enterprises which will give employment to our idle population.

It is a bad idea for the people of any city to send their money away to buy something they can get at home, and every time we preach that doctrine we win the commendation of our home merchants and busfness men. That is all right.

We ought to spend our money at home so we can keep it at home where it gets into the hands of our merchants and our banks, but we want our merchants and our bankers to understand that it is also up to them to keep our money at home. We will keep our money at home if they will invest our money at home after it becomes their money. Those business men who accumulate money can keep our money at home better than any one else by investing it at home. Have they ever thought of that? The Wilmington man who invests his money at home is keeping his money in Wilmington. It will help to build the city, but if he invests his accumulations away from home he is doing worse than the man who buys away from home. This thing of "keeping our money at home" works two ways, and we have got to understand it that way, too. A man who is worth $10,000 and who invests it in Wilmington real estate, in building houses, in taking stock in local enterprises, in establishing some sort of business, or in starting some kind of industry, is worth more to Wilmington than the $50,000 or $100,000 man who invests his money away from home. While we are keeping our money at home, let us keep our capital at home. Captial is accumulated money, and it is a metter of tremendous importance to keep our accumulated money at home. No man with money should think of investing it away from home till he casts about and ascertains if he can't salt it down right in Wilmington. In endeavoring to impress a fact, a good example is apt, so we use this one from the editorial columns of the Savannah Morning News:

"Is there money in Georgia, not only to spend but to invest and "salt down?" In one day this week three new insurance companies and one new bank were chartered and another bank was given permission to increase its capital stock. And there have occurred several days like that since the cotton crop came in. With another good season and high prices we shall probably have room for still other banks and financial institutions. If we remember rightly, the counties of the State now without banking facilities may be numbered on the fingers of one hand, or thereabouts."

That is a good example of keeping our capital at home——investing our accumulated money at home. How many banks, insurance companies, local enterprises, and industries could Georgia or any other State or community have, if home capitalists would not invest their money in enterprises that are building up some other locality or State? How much Wilmington money is salted down away from Wilmington?

A few days ago the State of South Carolina needed $500,000. The old way used to be to tap New York, but the new way is to tap the home money supply first. South Carolina did it the new way. The State secured it needed half million through the Palmetto Bank of Columbia, a circumstance which shows the strength of a local financial institution and demonstrates the financial growth and progress of the South along with the marvelous industrial and agricultural progress of our favored part of America.

The Columbians seem to have been keeping their money and their capital at home, a factor which contributed to the financial strength of a bank which was prepared to successfully handle a half million loan. The Star hopes it has made it plain in pressing home the importance of keeping our money and our capital at home.

It is said valuable land in Breathitt county can be bought for $1 an acre. Of course, it would be worth a great deal more but as more disturbances are raised than anything else, the matter of land values is a negligible quantity. An orderly and law abiding people is the chief asset of any community. Lawlessness sharply affects land, stock and bond values, and the Mexican disturbances furnishes a convincing example of it.

CURRENT COMMENT.

We note with pleasure that another big shipment of cattle has been made from a South Carolina market to the North. So far the business is not established on a permanent basis, and we have seen little of it in this particularly favored section. It seems to be an enterprise of people whose scope in agricultural development is rather more limited than ours, to speak circumspectly, so that we know there is a future for us in the business. We are told that South Carolina spends annually about $2,000,000 for meat that could be raised at home. Think how much that $2,000,000 could do towards getting us things that are actually needed in this State.—Florence Times.

When William Tillie, a negro, 75 years old, died at Jefferson City, Mo., he had a distinguished funeral. The Governor, State officers, bankers, professional men joined the long procession to the grave. It is stated that Tillie's claim to honor was his good cooking and his good nature. Please notice the association, ye grouchy cooks—there's the matter with you; why the tea kettle does not boil, why you burn your hands, why you burn the bread, why the pudding is undone, why the pie crust is soggy, why things generally go wrong—it is because you are soggy yourself, and mad at the stove, the dough, the tea kettle and all about you. This is the lesson o this little item. The loftiest human natures like to warm themselves in the bright smiles of a cook, and it was this that brought out the public and private dignitaries to celebrate the fame of the old darky cook, to whom a kindly humor and an appetizing dish were always associated together. When a cook gets mad and resentful, shut the kitchen and live on railroad sandwiches.—Ohio State Journal.

This foreign commerce of South America is indeed one of the marvels of the century just opening. Since the construction of the first railway in Chile, and from the time the first steamer touched at a port in Argentina, there has been a steady expansion in the shipment of natural products and the consumption of foreign goods. Within the last ten years, however, this growth has in some instances increased over 100 per cent. and is limited only by the capacity of vessels to carry it. The world could not today advance a step without the rubber of Brazil, the nitrate of Chile, the tin of Bolivia, the cocoa of Ecuador, the copper of Peru, the quebracho of Paraguay, the chilled meats of the River Platte, or the wheat, the corn and the wool of Argentine. Europe is practically dependent upon these staples for the material well being of her people. Brazil delivers annually $60,000,000 and more of rubber to the manufacturers of the world; the $50,000,000 of nitrates of Chile fertilizes half a continent, and the people of Texas, without knowing it, are wearing some of the export of Argentine wool in their clothing or of her hides in their boots and shoes.—American Review of Reviews.

The initiative, referendum and recall, which are regarded as essential parts of government by commission, are likely to prove to be rather expensive. There has been as yet but little experience with them, but Tacoma shows that they may prove to be rather full of politics. In that city there was dissatisfaction with the commissioner who was chosen Mayor. So it was decided to recall him. In the campaign, which was a bitter one, there were three candidates, one being a socialist. The objectionable Mayor ran second, and hence there had to be another election, no one having received a majority. In the second election the offending Mayor missed being re-elected by less than 1,000 votes, in a total of more than 20,000. It is apparent therefore that with a little more effort he might have been elected, notwithstanding the fact that it was alleged that he was so unfit that it was thought advisable to recall him. And now it is proposed to try to recall early next month four of the other commisioners. The election day has been fixed and a hot campaign is in progress. If there should turn out to be no choice, as was the case in the first recall election for mayor, another election would be necessary. These many elections must keep the people of Tacoma in political hot water pretty nearly all the time. They can't get down to business if their attention is distracted all the while by a municipal election, and as there is always a faction dissatisfied a recall election may be counted on every month or two. The recall may be a good thing to keep officials honest and attentive to their duties, but it cannot be otherwise than expensive and disturbing.—Savannah News.

DEFENDS WILMINGTON.

Capt. R. P. Paddison Has Good Word for "City by the Sea."

Point Caswell, N. C., April 22.

Editor Star:—I read with great pleasure in today's issue of your paper the letter of Mr. W. M. Cumming on the situation in Wilmington. In June, 1865, at the close of the war I located at this place, then New Hanover county. My business called me to Wilmington three time a week, and for thirty years nearly half of my life was spent in Wilmington, and few men knew the citizens better than I during this time. During this time I traveled a great deal over the West, East and entire South, and in no city have I found as much genuine hospitality, stronger business men and sincere Christian and moral men and women as in the city of Wilmington. I yield to no man in my loyalty to prohibition or good government. I think it is time to stop the everlasting howl about the lawlessness in Wilmington and write something about her commercial progress. Why not write something about her great cotton compress business, her great fertilizer factories, her vast lumber interests, cotton mills and manufacturing enterprises, her great educational interest, her splendid institutions, her magnificent church buildings, and many other things that make her a great and glorious city.

If it is true, as I have read in the papers, that the blind tigers are not blind, but that liquor is sold over the counters in violation of the law, why don't some of my prohibition friends prosecute the violators? I would certainly do this if it occurred in my community. I don't know Mr. Furlong, the city Recorder, but I have been told that he says if any one will produce the evidnce he will convict. Without evidence he can do nothing.

I am writing this letter because I love Wilmington and I love her hospitable people, and want to see her grow and prosper as she will do, but these constant articles about her lawlessness are not calculated to give strangers a good opinion of her. There is no seaport town but has it's "five points" district, and you can find them if you want to. On the other hand, Wilmington has as many attractions for good people as any city in the United States and a great many more than most of them.

R. P. PADDISON.

ROYAL BAKING POWDER

Absolutely Pure

The official Government tests show Royal Baking Powder to be an absolutely pure and healthful grape cream of tartar baking powder, and care should be taken to prevent the substitution of any other brand in its place.

With no other agent can biscuit, cake and hot-breads be made so pure, healthful and delicious.

Royal Baking Powder costs only a fair price per pound, and is cheaper and better at its price than any other baking powder in the world. It makes pure, clean, healthful food.

Wilmington, N. C., March 13, 1911.
Cape Fear Oil Co.,
Wilmington, N. C.
Gentlemen:—This is to certify that in my flight over the City of Wilmington, as well as in all other flights made for the Wilmington Driving Association, I used Gasolene furnished by the Cape Fear Oil Co. I found same to be very satisfactory and could not ask for any better.
Aeronautically yours,
(Signed) LINCOLN BEACHEY.

POLICEMEN AND FIREMEN

Only Men on List Furnished by Civil Service Board Eligible for Appointment — Separate Body.

As the day for the city election approaches interest in the result increases and on every street corner yesterday were found crowds discussing the probable outcome and what reforms would be inaugurated by the new councilmen.

Although the commission act was formerly accepted by a majority vote of the electors of Wilmington there are many who are not familiar with the provisions of the act and especially the section providing for the establishment of a civil service board that virtually controls the police and fire departments. The members of this commission are not named merely for two years, but one member for two years, one for four years and one for six years, and only names certified to the city council by the civil service commission are eligible to appointment on the police force or in the fire department. It is furthermore provided that the present policemen and firemen shall remain in power without standing examinations.

The section creating the civil commission reads:

Section 19. Immediately after organizing, the Council shall by ordinance appoint three Civil Service Commissioners, who shall serve without compensation, who shall hold office, one until the first Monday in June, 1913, one until the first Monday in June, 1915, and one until the first Monday in June, 1917. On the first Monday in June, 1913, and bi-annually thereafter, the Council shall appoint one Commissioner for a term of six years, who shall take the place of the Commissioner whose term of office expires. The chairman of the Commission for each bi-ennial period shall be the member whose term first expires. No person, while on said Commission, shall hold or be a candidate for any office of public trust. Two of said members shall consittute a quorum to transact business. The Commissioners must have been citizens of North Carolina and residents of the city for more than three years next preceding their appointment.

The Council may remove any of said Commissioners during their term of office for cause, four Councilmen voting in favor of such removal, and shall fill for the unexpired term any vacancy that may occur in said Commission. The City Council hall provide suitable rooms in which said Commission may hold its meetings. The City Clerk and Treasurer shall be the clerk of the Board of Commissioners, and he shall keep a record of all its meetings. The City Council shall supply the said Commission with all necessary equipment for the carrying on of its business.

(a) Before entering upon the duties of their office, each of said Commissioners shall take and subscribe an oath, which shall be filed in the office of the City Clerk and Treasurer to support the Constitution of the United States, the Constitution of the State of North Carolina, and to obey all laws, and to aim to secure and maintain an honest and efficient force free from partisan distinction and control, and to perform the duties of his office to the best of his ability.

(b) Said Commission shall, on the first Monday of June and December of each year, or oftener, if it shall be deemed necessary, under such rules as many be prescribed by the Council, hold examinations for the purpose of determining the qualifications of applicants for positions, which examinations shall be practical, and shall fairly test the fitness of the persons examined for the discharge of the duties of the position to which they seek to be appointed. Said Commission shall as soon as possible after such examination, certify to the Council double the number of persons necessary to fill vacancies, who, according to its records, had the highest standing for the positions they seek to fill, as the result of such examination; and all vacancies which occur, that come under the Civil Service prior to the date of the next regular examination, shall be filled from said list so certified;

Provided, however, That should the list for any cause be reduced to less than three for any department, then the Council or the head of the proper department may temporarily fill a vacancy, but not to exceed thirty days.

(c) All persons subject to such civil service examinations shall be subject to removal from office or employment by the Council for misconduct or failure to perform their duties, under such rules and regulations as it may adopt, and the Chief of Police, Chief of Fire Department, or any Councilman or other foreman in charge of municipal work may, in his discretion, peremptorily suspend or discharge any subordinate then under his direction, for neglect of duty, or disobedience of his orders, but shall, within twenty-four hours thereafter, report such suspension or discharge, and the reasons therefor, to the Councilman in charge of his department, who shall thereupon affirm or revoke such discharge or suspension, according to the facts.

Such employe (or the officer discharging or suspending him) may within five days of such ruling, appeal therefrom to the Council, which shall fully hear and determine the matter at its next regular meeting, or earlier, if it deems necessary, and its decision shall be final. Such discharged or suspended employe shall receive no compensation from the city for loss of time.

(d) The Commissioners shall have the power to enforce the attendance of witnesses, the production of books and papers and power to administer oaths, in the same manner and with like effect and under the same penalties, as in the case of magistrates exercising criminal or civil jurisdiction under the laws of North Carolina.

Said Commissioner shall make annual report to the Council, and the Council may require a special report from the Commission at any time; and said Council may prescribe such rules and regulations for the proper conduct of the business of the said Commissioners as shall be found expedient and advisable, including restrictions, or appointments, removals for cause, roster of employes, certificates or records to the auditor, and restrictions upon payments to persons improperly employed.

(e) The Council of the City shall have the power to pass ordinances imposing suitable penalties for the punishment of persons violating any of the provisions of this act relating to the Civil Service Commission.

(f) The provisions of this section shall apply to all employes of the Fire Departments and Police Department of the City of Wilmington, except the Chief of Police and the Chief of Fire Department. It shall apply to all other employes that Council may by resolution or ordinance place under Civil Service rules:

Provided however, The present employes shall retain their positions without further examinations, unless removed for cause.

All officers and employes shall be elected or appointed with reference to their qualification and fitness, including their moral character, and for the good of the public ervice and without their political faith or party affiliations.

SELLING LIQUOR CHARGED.

W. G. Baldwin Arrested Yesterday—Warrant Sworn Out by Negro.

W. G. Baldwin, a merchant of Castle Haynes, was arrested yesterday morning upon a warrant sworn out by Jeff Sharpless, colored, charging him with violating the State prohibition law. He promptly gave bond and will be tried before Recorder Furlong this morning. Not only is Mr. Baldwin to be tried for this offense but also for carrying a concealed weapon, a warrant having been sworn out by R. F. Brooks, Esq., a member of the local bar, who is making this charge.

The first named indictment grew out of a trial several days ago when Baldwin had Jeff Sharpless indicted before Justice of Peace Bornemann for obtaining goods by promising to work out the money due and then failing to do so. Justice Bornemann held that the facts as shown did not consitute a criminal offense and the indictment was dismissed.

When on the stand, Sharpless testified that a portion of the money he owed was for whiskey, this being strenuously denied, however, by Mr. Baldwin.

When the case was dismissed Mr. Baldwin apparently became very much incensed and was especially indignant at the manner in which R. F. Brooks, Esq., attorney for Sharpless, referred to his (Baldwin's) testimony. As a result of what took place after the trial a warrant was sworn out Saturday afternoon against Mr. Baldwin charging him with carrying a concealed weapon and this trial will also take place tomorrow morning.

The defendant has retained L. Clayton Grant, Esq., to represent him and says he will have no trouble in showing that the warrant sworn out by Sharpless is simply spite work.

DR. RANKIN TO LECTURE.

Will Speak on "Public Health" Tomorrow Night.

Dr. W. S. Rankin, of Raleigh, secretary of the North Carolina Board of Health, will lecture at the High School auditorium Wednesday night on "Public Health." The lecture will be given under the auspices of the Wilmington Civic League and it is desired that this interesting speaker on this most important subect be heard by just as many as possible. Dr. Rankin is now making a tour of the various cities of the State and wonderful good is being accomplisned in the way of improving health conditions. Among other things Dr. Rankin will tell of the great importance of keeping clear of flies and the deadly diseases that they are the direct cause of. The lecture will begin at 8:30.

Funeral of Mrs. Greenwald.

In the presence of a large assemblage of friends and sorrowing relatives, the funeral of the late Mrs. B. Greenwald, who passed away in Spartanburg, S. C., was held Sunday morning at 11 o'clock from the home of her brother, Mr. J. Weil, corner of Sixth and Dock streets. The services were conducted by Rev. Dr. S. Mendelsohn, rabbi of the Temple of Israel, and the interment was in Oakdale cemetery. The pall-bearers were Messrs. S. Solomon, B. Goodman, I. Bear, A. Schultz, L. Stein and M. Rosenmann.

Formerly Resided Here.

Many Wilmington friends, especially among the older residents, will note with regret from the Baltimore Sun the death of Mr. Frederick G. Magruder, 67 years of age, a veteran candy maker, who formerly resided here and was with the J. C. Stevenson Co., on Front street. He passed away at his home, 1328 West Baltimore street, from a complication of diseases, after an illness of three months. He is survived by his widow, four sons and four daughters.

A NEW HAVEN CHILD

Restored to Health by Vinol—Case Interests Many Parents.

"My little daughter ever since her birth had been frail and sickly, and was a constant source of worriment. Several months ago I secured a bottle of Vinol and commenced to give it to her. I immediately noted an improvement in her health and appearance. I gave her three bottles of Vinol, and from the good it has done her I can truly say it will do all you claim, and I want to recommend Vinol to any one who desires to build up a weakened, run-down system."—J. Edmund Miller, New Haven, Conn. (We guarantee this testimonial to be genuine.)

This child's recovery was due to the combined action of the medicinal elements of the cod's livers,—aided by the blood-making and strength-creating properties of tonic iron, which are contained in Vinol—and the strongest evidence that Vinol will build up and strengthen delicate children, old people, and the weak, run-down and debilitated, is our willingness to return the purchase money in every case where it fails to give complete satisfaction.—Robt. R. Bellamy, Druggist, Wilmington, N. C.

MAJOR HUGH WADDELL DEAD

Connected With Postoffice Department at Washington More Than Thirty Years—Died in Wilmington Yesterday.

Major Hugh Waddell, brave Confederate soldier, member of one of the State's most distinguished families and for more than 30 years connected with the United States postoffice department in Washington, died yesterday afternoon at 5 o'clock at the home of his brother, Colonel Alfred Moore Waddell, on North Fifth street, this city, after an illness extending over many months. For the past year Major Waddell had resided in this city, having resigned his position in Washington last Summer.

Major Waddell was born in Hillsboro on the 23rd of March, 1838, and hence was 73 years of age. He was a son of Hon. Hugh Waddell. The boyhood days of Major Waddell were spent in Hillsboro and he was educated in the schools of that place and at Caldwell Institute. Soon after the outbreak of the civil war it was learned that young Waddell had acquired a sufficient knowledge of telegraphy during his boyhood to send messages and he was at once sent for and for some time put his knowledge in this line to good use for the Confederacy. As a soldier he was stationed at different points and was finally captured at the fall of Fort Fisher.

At the beginning of the Civil War Major Waddell was making his home in Savannah and after the struggle he returned to that city, where he married Miss Anna Dickerson, who survives him. In 1877 he was offered a position in the money order division of the United States Postoffice Department, at Washington, and he accepted it and remained with the department until the Summer of 1910, when ill health caused him to resign. The officials of the department with which Major Waddell was connected held him in the highest regard and he was exceedingly popular with all in the department.

Major Waddell was a devout member of the Episcopal church and had been a communicant since his early manhood.

Sixteen years ago he was operated on for appendicitis and never entirely recovered. Since that time he had suffered with various troubles and his death was due to a general breakdown. For several months he had been desperately ill and for weeks his life had hung by a mere thread. The end came peacefully yesterday afternoon at 5 o'clock.

Major Waddell is survived by his wife and two brothers, Colonel Alfred Moore Waddell, of this city, and Major D. C. Waddell, of Greensboro, who is expected to reach here this evening.

The funeral will be held Wednesday morning at 11 o'clock from the residence of Col. A. M. Waddell, No. 16 North Fifth street.

CROPS DAMAGED BY FROST

Cucumbers and Beans Suffered and Blooms on Berry Plants Killed. Frost Predicted Again for Last Night.

With frost throughout the entire eastern part of the State yesterday morning, and at some points the temperature almost down to freezing, the strawberry crop received another setback and cucumbers, beans and other early truck crops were considerably damaged. Frost was predicted again for last night.

While all blooms on the strawberry plants were killed by the frost the damage was comparatively slight as the berries were not injured and blooms put out daily. The greatest damage being done berries by the cold is in preventing them from ripening. In some localities growers were prepared for an emergency and the plants were covered with pine straw and where this was done not even the blooms were killed.

The weather reports showed that frost was heavy at Wilmington, Newbern and Weldon and light at some of the interior points where as a usual thing it is much colder than in the eastern portion of the State. At Wilmington the temperature was 38 and at Lumberton 33, while Newbern showed 34. Frost is not an unusual occurrence the latter part of April, but this is the first Spring in several years when the cold has been sufficient to damage crops. In 1907 very cold weather prevailed at Easter and the strawberry crop was cut very short, number of cars being only about 1,000.

Continued cool weather is having a serious effect on berry shipments and it is feared if it continues many days longer the crop will be cut short. Indications pointed to the shipment of about 15 cars from the entire berry belt yesterday and one year ago from 80 to 90 cars per day were being shipped.

Analysis of City Water.

The Water and Sewerage Commission of the city has just received the regular monthly report of the analysis of water from the mains by the State chemist and the same is furnished for the information of the public as follows: Sediment, slight; color, platinum cobalt standard 0; turbidity, silica standard 0; odor, cold, 0, odor hot 0; slightly clayey; alkalinity (in terms of calcium carbonate 3.7; chlorine 8; nitrogen as nitrates 0.03; nitrogen as nitrites 0; free ammonia .014; albuminoid ammonia .080; temporary hardness 3.7; colon baccili in 1 cc 0; in 10 cc 0; total number of bacteria per cc 4,000.

Never Out of Work.

The busiest little things ever made are Dr. King's New Life Pills. Every pill is a sugar coated globule of health, that changes weakness into strength, languor into energy, brain-fag into mental power; curing constipation, headache, chills, dyspepsia, malaria. Only 25c at R. R. Bellamy's.

PROMINENT SPEAKERS COMING

Hon. W. A. Prendergast, Comptroller of New York, and Secretary of National Credit Men's Association Friday Night.

Not since the coming of President Taft November a year ago has Wilmington had a more distinguished visitor than will be the city's guest next Friday evening and Saturday in the person of Hon. W. A. Prendergast, comptroller of the City of New York, who will be accompanied to Wilmington under the auspices of the Wilmington Credit Men's Association by Mr. Chas. E. Meek, secretary-treasurer of the National Association of Credit Men, and also a distinguished New Yorker.

It has been arranged by President L. B. Rogers, of the Wilmington Credit Men's Association, for Mr. Prendergast to speak to the public on the occasion of his visit and carrying out this idea, it has been arranged for him to make an address in the Academy of Music Friday evening at 8:30 o'clock on "Municipal Government." After the public meeting Mr. Prendergast and Mr. Meeker will be entertained at the rooms of the Chamber of Commerce at a dinner by the Credit Men's Association, when both will make addresses. The visit of these distinguished gentlemen is being looked forward to with rare interest and pleasure by the business men of Wilmington generally and the public will be glad of the opportunity of hearing Mr. Prendergast at the Academy. Both are credit men of National reputation. Mr. Prendergast having been second secretary of the National Association before his election to the comptrollership of New York, which was by the largest vote ever given a candidate in Gotham, not excepting Theodore Roosevelt himself. The position which he now holds in the financial affairs of New York city is second only in importance in the United States to that of the President. The National Association of Credit Men of which Mr. Meek has the honor of being secretary and treasurer has a membership of 14,000 leading business men all over the Union. Their coming will be a real event in the commercial life of the city.

READY FOR BIG BAZAAR.

Many Attractive Features of Catholic Fair Coming Next Week.

The city was attractively placarded yesterday for the big Catholic Bazaar which will be given under the auspices of the Knights of Columbus, in the Woolvin Building, on Princess street, May 2nd-5th, inclusive. All the committees are hard at work and there are going to be many attractive features in every department. The bazaar promises to be one of the most elaborate and pleasant given here since the great Masonic Fair of some ten years ago. For each evening during the bazaar, there will be an attractive order of exercises and no time or expense will be spared in arranging for the entertainment of the crowds that are confidently expected.

Mr. D. R. Foster, the live real estate agent, has donated an attractive building lot to be disposed of during the bazaar and this promises to attract a lively competition. As a further attractive prize to be awarded during the Fair, Mr. B. H. Stephens has donated the plans for an elegant home which will be disposed of in connection with the lot and this will also appeal to the benedicts and the nearbenedicts. Then there will be many other features and the best advice is to attend each and every night.

WILL BE TRIED BY JURY.

Case Against Eleven Women Continued Until Next Tuesday.

Yesterday was the day set for the trial of the eleven white women of the under-world against whom indictments were returned by the recent grand jury as a common nuisance, but upon motion of Hon. John D. Bellamy, one of the attorneys in the case, the cases were continued until next Tuesday. Mr. Bellamy stated that he had a number of cases to try in Onslow county and would be out of the city the greater portion of the week and for this reason asked that one day next week be named. Other attorneys are Messrs. A. G. Ricaud and Walter P. Gafford.

A request was made for a jury trial and was granted by the Recorder. This will be the first time that a jury will sit on a case in the Recorder's court, and is one of the features provided in the act passed by the last Legislature making certain changes relative to the Recorder's court of this county. The granting of a jury trial is not given as a matter of right but is discretionary with the court.

YACHT TOWED TO SOUTHPORT.

"Crystal," of Kansas City, Reported Lost But Is Safe.

Buffeted and tossed by the waves, the power yacht "Crystal," of Kansas City, recently reported as lost off Jupiter light, was picked up yesterday in a forty-mile gale thirty miles off Cape Fear light by the power yacht "Casilda" with Vice-Commodore Francis Holly, owner, on board, and was towed into Southport. The yacht "Yydia," Captain Foot, of Cornell University, owner, on board, stood by. All three yachts rode out the gale off shore for fourteen hours and Commodore Holly, who was in the city last night, says their experience was a most thrilling one.

The power yacht "Buffalo" which left Fernandina some days ago has not been reported.

Real Estate Transfers.

The following deeds were placed on record yesterday: D. O'Connor and wife to William Wright and wife, for $480, lot 33x135 feet in the northern line of Gwynn street, 33 feet west of Bay street. American Suburban Corporation to William Sheehan and wife, for $600, lot 66x113 feet, at southeast intersection of Perry avenue and 20th street. Godfrey Hart and wife to J. W. Lewis and wife, for $100 and other valuable considerations, lot 41x110 feet at the eastern intersection of 13th with the southern line of Castle street.

ANTI-MOSQUITO CAMPAIGN.

Forces at Work This Week Near Greenfield Mill Pond.

The anti-mosuito campaign is being waged in a most vigorous manner and Chairman Ellis of the Sanitary Committee of the Board of Aldermen will this week put his forces to work in the vicinity of Greenfield mill pond. Where it is impracticable to drain the stagnant pools oil is being used.

During the past week the many small ponds along the tracks of the Seaboard Air Line between Hilton and the Seaboard terminals were drained and also on the new yards of the Atlantic Coast Line. These places were permanently drained. All sand traps on the streets have been oiled and this will be repeated as often as necessary. This is generally a fruitful source of mosquitoes.

Work this week will be begun in the nighborhood of the Greenfield mill pond. There are innumerable pools between the old pond and the river and as many of these as possible will be drained. In some instances the land is so low that permanent drainage cannot be accomplished and in such places oil will be placed upon the ponds. It it believed that the territory where the forces are now at work is the chief source of mosquitoes as the prevailing wind here during the Summer months is from the southwest and this blows the mosquitoes right into the city.

Chairman Ellis realizes that the only way to accomplish the best results is through co-operation and he desires all persons who know of stagnant pools to communicate with him and they will be looked after.

Illustrated Song.

"Twilight," by Mr. Baldwin—at the Grand. **

See "The Phoney Prince" at the Grand today. **

South Wilmington Property.

Messrs. A. W. Pate and D. N. Chadwick, Jr., two of Wilmington's progressive real estate men, have purchased a tract of 76 acres of land in the southern part of the city and announce that they will develop the same in the near future. The purchase embraces a part of the Brooks tract, near Greenfield Mill Pond, and was from Mr. J. W. Brooks. Located on the new Federal Point macadam road, the land is admirably adapted to development purposes and its owners will leave no stone unturned to make it one of the most attractive investment offerings in New Hanover.

List Taxes During May.

It has heretofore been customary for all taxes to be listed during the month of June and to date as of June 1st. Under the recent act of the Legislature taxes in the future will be listed during May and notices were being prepared yesterday to let the public know of this change.

THE C. W. POLVOGT COMPANY

SOCIAL & PERSONAL

Mrs. W. L. DeRosset and Miss Anita DeRosset are spending this week at the home of Mr. H. K. Nash on South Third street.

* * *

Misses Amelia and Elsie Stelling, of Charleston, S. C., are here to attend the Ortmann-Tiencken marriage tomorrow afternoon.

* * *

Miss Julia Parsley left during the past week for the Pacific coast, spending a short time en route as the guest of Mrs. W. R. Taliaferro, in Charlotte. She expects to be away several weeks.

* * *

There will be a social meeting of Sorosis this afternoon at 4 o'clock in the reading room of the Masonic Temple. The Home Science Department will entertain the club and a programme of unusual interest has been planned. All the members of the Club are urged to be present.

* * *

Through Mr. A. D. Wessell, agent here for the North German Lloyd Steamship Co., Mr. and Mrs. L. Hanson, of this city, have just booked passage on the new steamer George Washington, for a trip to Europe. Mr. and Mrs. Hanson have secured a choice stateroom on this splendid new ship, which is 722 feet long and has a displacement of 37,000 tons with passenger acommodations for 3,500 persons. They will sail June 8th from New York. Having to return at a definite time, Mr. Hanson has also secured a stateroom on the same steamer for the return trip from Bremen, sailing August 5th. The many friends of Mr. and Mrs. Hanson wish them a pleasant trip abroad to the Fatherland and a safe return to the city in the late Summer.

* * *

MISS GIESCHEN GIVES DAISY LINEN SHOWER.

At the home of Mr. J. G. L. Gieschen, corner of Front and Red Cross streets, from 3:30 to 6 o'clock yesterday afternoon, Miss Katherine Gieschen gave a daisy linen shower in honor of Miss Carrie Ortmann, the prospective bride of Mr. Fred Tiencken, the marriage to take place tomorrow afternoon at 5 o'clock.

The home was beautifully decorated for the event, which was attended by a large number of invited guests. The dining room was particularly pretty with daisies arranged in different forms, both in the menu and as the prevailing scheme of decoration. At the head of the table over Miss Ortmann's place hung a large wedding bell which contained the linen presents as gifts from her many friends. While refreshments were being served Miss Ortmann opened the bell and the gifts were showered down on the table in front of her. The daisy effect was carried out in a unique manner. The salad and sandwiches, which were served first, were in the shape of daisies, and this was followed by ice cream in the shape of hearts of yellow and white colors. This was followed by coffee, nuts and candy. The place cards were very dainty, each of them having a daisy pinned upon them with the petals ranging from one to ten, carrying out the daisy song. Another unique feature was the souvenirs of the ocasion, these being little bags made of bridal tulle filled with rice and a card with the following inscription: "Keep me with the greatest care to shower upon the happy pair." It was one of the most delightful of several Spring events and was pleasing in every particular to the many guests present.

NEW LOCAL ENTERPRISE.

Mr. J. C. Herring Has Secured Location for Brick and Concrete.

Mr. J. C. Herring has secured the old lime and brick plant, near Wilmington. He will at once establish a plant to manufacture concrete products, such as blocks, sewer pipes, vaults, finishing brick, vases, etc.

Mr. Herring is a member of the Piedmont Concrete Company, of Charlotte, N. C. With the opening there is here for a plant of this kind, Mr. Herring is sure of success. He has had long experience in cement work, was the founder of the Piedmont Concrete Company; also the inventor of the Herring Block Machine, and shingle mould.

Mr. Herring solicits the co-operation of the citizens here to make this even a greater success than it has been in other cities.

CAPT. RAY IN THE VESSEL.

Was Master of Wrecked Schooner Wallace—Succeeds Capt. Loveland.

The schooner Joel Cook, which has been visiting this port for a number of years with the late Capt. Loveland as master, arrived yesterday for the first time since the death of her former master in the Marine Hospital here during the latter part of February. Capt. Ray is now master of this craft, which has been trading between Atlantic ports for many years. Capt. Ray was master of the schooner Martha Wallace, one of only two schooners lost on the North Carolina coast this Winter. She ran ashore near Hatteras over three months ago and remained intact until recently. A number of attempts were made to float the vessel, but without success.

Wish to Express Thanks.

Mr. and Mrs. C. D. Johnson desire to thank their many friends for their help and sympathy during the late illness and death of their two little daughters, Mary Ethel and Emily Catharine, assuring them that they will always be held in fond remembrance.

Saved His Mother's Life.

"Four doctors had given me up," writes Mrs. Laura Gaines, of Avoca, La., "and my children and all my friends were looking for me to die, when my son insisted that I use Electric Bitters. I did so, and they have done me a world of good. I will always praise them." Electric Bitters is a priceless blessing to women troubled with fainting and dizzy spells, backache, headache, weakness, debility, constipation or kidney disorders. Use them and gain new health, strength and vigor. They're guaranteed to satisfy or money refunded. Only 50c at R. R. Bellamy's.

If you never laughed, now is the time at the Grand. **

PERSONAL PARAGRAPHS.

—R. E. Lee, Esq., of Laurinburg, is registered at The Orton.

—Mr. A. B. Croom, Jr., of Burgaw, arrived last evening on a business trip.

—Mr. Albert Hopkins Marsh, public acountant and auditor of Augusta, Ga., arrived in the city yesterday to spend some time.

—Mr. Och. Mallard, traveling representative of the Wilson Times, arrived last evening and will spend a few days in the city.

—Mr. R. C. Merritt, of the United States Engineers' office, has gone to Jersey City on business connected with the engineer's office.

—Mr. Will Pennington, of Tarboro, who will be the chief clerk at the Seashore Hotel, Wrightsville Beach during the coming Summer, arrived last night and is a guest at The Orton.

—Yesterday afternoon's Fayetteville Observer says: "The Observer is grieved to announce today that her physicians pronounce Mrs. Jas. D. McNeill, wife of Mayor J. D. McNeill, as in extremis."

—A small blaze in a box car on the Atlantic Coast Line yards near the Union depot brought out the fire department yesterday morning. The blaze was extinguished in a very few minutes and the damage was only nominal.

—Among yesterday's arrivals at the Southern Hotel were L. J. Pinner, Newbern; Jas. Arnett, East Arcadia; R. D. Thomas, Holly Ridge; A. B. Edwards, Hamlet; Capt. Smith, Beaufort; A. Sellars, Ivanhoe; R. W. Best, Warsaw; Fred Lesh, Southport; J. W. Mercer, Elizabethtown; R. H. Burriss, Southport; S. J. Galloway, Hamlet; G. C. Moore, Pittsboro.

LOCAL DOTS.

—A bicycle was found in front of the depot office of the Southern Express Company Saturday morning, which owner can get by applying there and identifying same.

—Within less than one week after the papers had been approved by Cornelius Harnett Council, Royal Arcanum, a policy of $3,000 held with this order by the late William Goodman, was paid.

FOUR SCHOONERS ARRIVE.

Two for Springer Coal Company—News of Shipping at the Port.

Four schooners arrived at the port yesterday with cargoes from northern markets, making it unusually active in marine circles for the day. The schooner William Linthicum, Capt. Flowers, brings cargo of cement from New York for the Seaboard terminals; the Joel Cook, Capt. Ray, has cargo of plaster for Messrs. W. B. Thorpe & Co., and the Seaboard, and two schooners the Lottie R. Russell, Capt. James, and Richard F. C. Hartley, Capt. Falker, both have cargoes of coal for the Springer Coal Company. This brings the number of schooners in port up to eight and the steamers to two.

Family Deeply Bereaved.

Friends of Mr. and Mrs. C. D. Johnson, Fourth and Campbell streets, will tenderly sympathize with them in the death of their little four-months-old daughter, Emily Catherine, which occurred yesterday morning at 2 o'clock of meningitis. The funeral was held from the residence yesterday afternoon at 5 o'clock, conducted by Rev. W. L. Rexford, pastor of Bladen Street M. E. Church, and the interment was in Bellevue. Mary Ethel, the three-year-old daughter of Mr. and Mrs. Johnson, died last Thursday of the same dreaded disease and the funeral was held Saturday.

Mr. and Mrs. Steljes Bereaved.

Friends of Mr. and Mrs. Albert Steljes will sympathize with them deeply in the death of their infant son, Albert William, which occurred Sunday at the family residence, No. 920 Market street. The funeral was conducted yesterday from the residence by Rev. W. A. Snyder, pastor of St. Paul's Lutheran Church, and the remains were laid to rest in Oakdale.

Game at Fayetteville.

Yesterday afternoon's Fayetteville Observer says: "Mr. Robt. Haynes, assistant manager of the Union of North Carolina Baseball Teams, spent Saturday in the city, making preparations for the Carolina-Wake Forest game which will be played here May 1st. He predicts a fine game and expects a large crowd."

GRAY HAIR MAKES YOU LOOK OLD

A Simple Remedy Brings Back the Natural Color—Dandruff Quickly Removed.

How often one hears the expression, "She is gray and beginning to look old." It is true that gray hair usually denotes age and is always associated with age. You never hear one referred to as having gray hair and looking young.

The hair is generally the index of age. If your hair is gray, you can't blame your friends for referring to you as looking old. You can't retain a youthful appearance if you allow your hair to grow gray. Many persons of middle age jeopardize their future simply by allowing the gray hair to become manifest. If your hair has become faded or gray, try Wyeth's Sage and Sulphur Hair Remedy, a preparation which a chemist by the name of Wyeth devised a few years ago. It is simple, inexpensive and practical, and will banish the gray hairs in a few days. It is also guaranteed to remove dandruff and promote the growth of the hair.

It is a pleasant dressing for the hair, and after using it a few days itching and dryness of the scalp entirely disappear.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, J. Hicks Bunting Drug Co., Front and Grace Sts.

If you never laughed, now is the time at the Grand. **

Nunnally's
Fine Candies

THE candies you'll find in a Nunnally box are worthy the dainty protection and setting of their individual cups. Each piece is perfect in form and flavor—each itself—when it reaches you. Exquisite candy—and always fresh.

J. HICKS BUNTING DRUG CO.

DEMOCRATIC TARIFF BILL.

Introduced and Will be Taken Up in the House Today.

Washington, April 24.—The Democratic tariff bill, putting agricultural implements, cotton bagging, leather, boots and shoes, harness, meat, lumber, flour and many other articles on the free list of the existing tariff laws, of the United States, came before the House just before adjournment today and will be taken up again as soon as the House convenes tomorrow.

A final vote on the bill will not be reached before the end of this week, and House leaders are in doubt whether it will come before the following week. Chairman Underwood, of the Ways and Means Committee, expressed the opinion in the House this afternoon that the debate will last four or five days and Republican leaders expect that it will take even longer.

The Democrats are confident of passing the "farmers' free list," as it is known by a large majority.

DR. ELMER BROWN NAMED.

Appointed Chancellor of New York University Yesterday.

New York, April 24.—Dr. Elmer Ellsworth Brown, of Washington, United States Commissioner of Education since 1906, was appointed today chancellor of New York University to succeed the Rev. Dr. Henry Mitchell MacCracken, resigned.

The appointment was announced by the University council tonight after an executive session at which the report of a sub-committee recommending Dr. Brown was adopted.

Dr. Brown was born at Kiantone, Chautauqua county, N. Y., in 1861. His education was received at the Illinois Normal University, the University of Michigan, and the University of Halle, in Germany, with the supplementary of the degree of LL. D., from both Columbia and Wesleyan Universities.

It is understood that Dr. Brown has accepted the chancellorship and will assume its duties soon.

A DEBT OF GRATITUDE.

Osborne Clears Son of Slave Who Once Saved His Life.

New York, April 24.—James W. Osborne, former assistant district attorney, whose life was saved by "Pete" a slave in his father's family, in Charlotte, N. C., when he was a boy, repaid the debt this afternoon by winning for "Pete's" son a verdict of acquittal on a murder charge. The jury was out less than 15 minutes, following an earnest plea by Mr. Osborne.

The defendant was Edward Osborne, "Pete" having adopted the name of his former master, who was charged with killing another negro during an altercation. He pleaded self-defense.

COTTON BILLS OF LADING.

Will Urge Some Legislation at This Session of Congress.

Washington, April 24.—The American Bankers' Association probably will take ome interest at this session of Congress in favor of legislation to settle the cotton bills of lading uestion.

A joint committee of foreign and American bankers has not disposed of the question. A bill satisfactory to the bankers passed the House at the last session but failed to pass the Senate.

DREADFUL WEAKNESS

Could Not Raise Head From Pillow, Says Jennie B. Kirby, of Valley Heights, Va., Till I Took Cardui.

Valley Heights, Va.—"My family doctor," writes Jennie B. Kirby, "said I had change of life and I was sick in bed for about nine months.

"I had a bad spell this Spring and was so weak I couldn't raise my head off the pillow.

"I commenced to take Cardui in April and have now used three bottles. It does me so much good. I saw it was helping me before I had taken half the first bottle. Now I can work all day.

"I think Cardui is the best medicine in the world, for women who suffer from female troubles. I have not taken a dose of any medicine but Cardui for nine months and am feeling very well."

No other medicine is needed but Cardui for weakness, loss of appetite, tired feeling, female pains and distress, etc.

However, if you are taking any other medicine, Cardui will not interfere with it, but rather help it.

As a general tonic for weak women, you can get no medicine so good as Cardui, the woman's tonic.

To prevent unnecessary pains and misery, nothing for 50 years has been found that would take its place.

No druggist keeps Cardui in bulk, for prescription purposes, but every druggist sells Cardui in original bottles.

Try a bottle today.

Madame Labadie Tonight.

"The art of dramatic interpretation has yet to be recognized as an important factor in the development of the dramatic movement of the present day," said Madame Labadie in a recent interview. "I feel convinced that it must come to its own in the near future, and that, sooner or later, it will stand as the highest, most subtle and artistic medium for the production of the works of the great dramatists. The art exists, but the world is unaware of it, yet I feel that it must surely see the triumph of its fulfillment before long in this age of intellectual progression. Awakening comes with understanding, and until then dramatic interpreters must continue to pioneer and perfect an art which is as old as the ancients, being the very first form of dramatic expression introduced as early as 450 B. C., even before the birth of the Greek drama."

Madame Labadie, whose dramatic interpretations reveal the fact that she has brought the art of which she speaks to that point of perfection which must undoubtedly bring about a more speedy acknowledgment of its value than the artist is aware, will tonight present the entire play of "Gossip", a drama in three acts, at the Academy of Music, commencing at 8:15.

Grand Theatre.

"Biggest Thing Ever" is the remark most apt to fall from one's lips as they turn into Front street and get their first glimpse of the "Grand Theatre" and the "Biggest Thing Ever" is apt to be one's last remark as you stand on the corner again waiting for the car. The public at large should appreciate such a structure in the city, a place where one can go to spend an hour and listen to such a superb orchestra and singing and see three pictures without a hitch or a flicker. Send your children down and the management can assure that the pictures shall be instructive and moral in every sense of the word. Mr. Baldwin is making good in his illustrated songs, today he sings "Twilight," beautifully illustrated slides. Today we will cast upon the screen three great pictures, viz: "The Phoney Prince," "The other, Selig," and "The Cow-boy and the Bachelor Girl, Males." The Phoney Prince is a comedy and one is due a good laugh so don't miss it. Doors open at 2 P. M. and the show continues to 11 P. M.

At the Bijou.

Following one of the biggest weeks in its history the popular Bijou opened another fine week yesterday afternoon. It was a big success directly on the start, as the matinee audiences were large and the bill was of such exceptional merit, even for the Bijou, which is noted for the high excellence of its exhibitions, that enthusiasm waxed big. The fact that the Bijou presents the same bill in the afternoons as it does at nights is a great feature. The bill yesterday was one of the best, from the standpoint of both merit and variety, ever presented, while the illustrated song by Mr. Frank Banks, one of the best ballad singers ever in Wilmington, and the new selections by the giant orchestral electric piano, were flatteringly received. Today the Bijou has another bunch of good things for its patrons. Each film will be of the latest and best make, and there will be the usual giant programme for the usual diminutice price.

Crystal Palace.

All four acts at the vaudeville theatre this week are more than promised or expected. Miss Katie O'Neil, the "California Nightingale," delighted the audiences with her artistic rendering of several popular and well known selections. "The Garden of My Heart," followed by the ever welcome "Silver Threads Among the Gold," won hearty applause, as well as a lighter selection showing the artist's power to handle varied songs with equal ability. The blackface comedian is unusually clever, closing his act with a good eccentric dance, the style that is enjoyed by the people. The Shriers, in their boxing match, are a scream—handling the gloves with skill—and winning much applause after each of the four rounds. Two new pictures will be shown today, a comedy, "Quiet Evening at Home," and a well produced drama.

At Joyland.

The programme at Joyland will be fully up to the standard today, and that's saying not a little bit either. It will be interspersed with comedy, drama and scenic productions from the manufacturers direct, and will furnish enough variety to please all. If you have an hour on your hands drop in and see the bill through and then you'll realize the truth of these statements. Mr. Reilly has something real catchy and new in a song, "In All My Dreams of You," which is direct from the pen of one of Remick's best composers, and is termed "A $7,000 Beauty," which is not altogether a joke. Everything is entirely new every day at Joyland.

LAUNCH BOOM FOR KERN.

His Indiana Friends Organize Kern Presidential Club.

Indianapolis, Ind., April 24.—Leading Democrats from over the State met here tonight and launched a presidential boom for United States Senator John W. Kern, of Indianapolis. A Kern Presidential Club was organized and it is said similar clubs will be organized throughout the country.

Resolutions commending the senator to the voters of the country were adopted.

Richmond, Va., April 24.—Governor Mann today issued a proclamation in which he asks every citizen of irginia to wear a white flower on Sunday, May 14th, in honor of the mothers of the State. Last year he made a similar reuest and there was a very general response in Richmond and throughout Virginia.

See "The Phoney Prince" at the Grand today. **

MARRIED.

EMERSON-McQUEEN—At the First Presbyterian Church, Wilmington, N. C., Tuesday, the 18th of April, 1911, Rev. J. M. Wells, D. D., officiating, Miss Agness McQueen, daughter of Mr. H. C. McQueen, and Mr. W. P. Emerson.

INCIDENT AT ANNAPOLIS.

Letter of Apology Has Been Sent to Miss Mary Beers.

Annapolis, April 24.—It was learned today that Capt. J. M. Bowyer, superintendent of the Naval Academy, has forwarded to Miss Mary H. Beers, daughter of Prof. Beers, of Yale University, a letter of apology for the action taken by one of the academy officers, who suggested to her midshipman escort that by reason of her employment she should not again be invited to academy dances.

The letter was not made public, but it is understood that Miss Beers was assured that the action was due entirely to a misunderstanding of her status.

In connection with the affair, it may be said of the body of the midshipmen that they were not in sympathy with the attitude apparently assumed by some of the academy officers in this matter. It is the frequently expressed opinion of the cadets that a midshipman has a right to bring any respectable woman to a dance, no matter what her employment or status may be.

PLOTTERS ARE ARRESTED.

Violated United States Statute in Porto Rico—Planning Revolt.

San Juan, Porto Rico, April 24.—Gen. Carlos F. Morales, former president of Santo Domingo; Mauricio Jiminez, former vice president, and Gen. Zenon Toribio, formerly an officer in the Santo Domingo army, were arrested here today by United States Marshal Hubbard, charged with violating section 13, of the United States statutes having to do with acts of hostility against the government with which the United States is at peace.

It is alleged that papers found among their personal effects indicated that the accused men were preparing to organize a military expedition from Porto Rico against Santo Domingo. They were arraigned before the United States commissioner. The hearing was postponed and the court demanded bonds of $7,000. This was not given by the prisoners who, on being held, applied to the supreme court for a writ of habeas corpus.

SHE GOT WHAT SHE WANTED

This Woman Had to Insist Strongly, but it Paid

Chicago, Ill.—"I suffered from a female weakness and stomach trouble, and I went to the store to get a bottle of Lydia E. Pinkham's Vegetable Compound, but the clerk did not want to let me have it—he said it was no good and wanted me to try something else, but knowing all about it I insisted and finally got it, and I am so glad I did, for it has cured me.

"I know of so many cases where women have been cured by Lydia E. Pinkham's Vegetable Compound that I can say to every suffering woman if that medicine does not help her, there is nothing that will."—Mrs. JANETZKI, 2963 Arch St., Chicago, Ill.

This is the age of substitution, and women who want a cure should insist upon Lydia E. Pinkham's Vegetable Compound just as this woman did, and not accept something else on which the druggist can make a little more profit.

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

ADVANCE IN COTTON MARKET

Renewal of Bull Support Features on Market Yesterday—Closed Seven to Thirteen Points Higher—Features.

New York, April 24.—There was a renewal of the bull movement in the cotton market today, owing to the continued strength of Liverpool, further reports of a good spot demand and apprehensions of more delay in new crop planting, owing to talk of unsettled weather and low temperatures in the South. The highest price of the day was reached in the late trading, and the close was very steady, at a net advance of 76@13 points.

The market opened firm, at an advance of 2@11 points in response to the firm cables, large English spot sales and bullish foreign trade advices. Realizing was very heavy around the initial figures, which carried all the active positions into new high ground, but prices continued to improve until July contracts touched 15.11. A reaction of 5 to 6 points occurred from this level, but while leading bull interests were believed to be taking profits very freely on bulges, they appeared to give the market support on every little dip, and prices again firmed up during the afternoon with May contracts selling as high as 15.06, July 15.17 and October 16.03, or 9 to 17 points above the closing figures of Saturday.

Business was exceedingly active again in the last half-hour, and old crop positions closed 3 or 4 points off from the best, under realizing, while the new crop, which during the earlier trading has been rather slow to follow the advance, was relatively firm, holding within a point of the top. A private preliminary crop report on Georgia and Alabama, issued today, forecasted an increase of from 2 to 15 per cent. in acreage and an increase of from 10 to 30 per cent. in the use of fertilizer, but stated that while the ground was unusually well prepared, planting was from a week to ten days late. Today's weather map showed some further precipitation in Western and Central sections of the belt and there was continued complaint of low temperatures, but while unsettled weather is predicted for the end of the week, the forecasts for tomorrow were considered fairly favorable. Receipts today, 9,359 bales, against 8,504 last week, and 8,219 last year. For the week, 40,000 bales, against 51,033 last week and 68,173 last year. Today's receipts at New Orleans, 2,200 bales, against 1,425 last year, and at Houston 1,937 bales, against 2,596 last year.

Spot closed quiet, five points higher; middling uplands, 15.15; middling gulf, 15.40; sales, 100 bales.

Futures opened firm and closed very steady:

THE GRAIN MARKET.

Chicago, April 24.—Although wheat averaged higher today on account of bullish foreign news, the close showed a net decline of ⅜ to ⅝@¾, because of sellers—traders who attached more importance to beneficial rains of the Missouri river. Latest figures were ⅛ to ⅛@¼ down, for corn, oats off a shade to ⅛@¼, and provisions easier by 5 points to a quarter of a dollar.

Wheat—No. 2, red, 91½@92; No. 3, red, 89@91; No. 2, hard, 91½@93½; No. 3, hard, 89@91; No. 1, northern, 1.02@1.04; No. 2, northern, 1.00@1.03; No. 3, northern, 1.00@1.02; No. 2, spring, 94@99; No. 3, spring, 94@98; velvet chaff, 88@98; durum, 82@89.

DRY GOODS MARKET.

New York, April 24.—The cotton goods markets were quiet and steady for the day. Yarns are slightly firmer, with little increase reported in the volume of business. In dress goods, out-of-town retailers are buying moderately and cutters are buying staples, principally.

DON'T LET THAT COUGH GO ON.
Brown's Bronchial Troches afford immediate relief.

Midnight in the Ozarks.
and yet sleepless Hiram Scranton, of Clay City, Ill., coughed and coughed. He was in the mountains on the advice of five doctors, who said he had consumption, but found no help in the climate, and started home. Hearing of Dr. King's New Discovery, he began to use it. "I believe it saved my life," he writes, "for it made a new man of me, so that I can now do good work again." For all lung diseases, coughs, colds, la grippe, asthma, croup, whooping cough, hay fever, hemorrhages, hoarseness or quinsy, its the best known remedy. Price 50c and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

STOCK MARKET WAS NERVOUS

Prices Rose and Fell in Confusion. Discouragement Over Outlook For Industrial Conditions. Features.

New York, April 24.—The feeling of nervous uncertainty which has been apparent in the stock market of late was more pronounced today and the list was feverish most of the day. Prices rose and fell in confusion, fluctuating between figures which showed a substantial gain from last week's close and a level which was the lowest of the year. Discouragement over the outlook for industrial conditions seemed to be the chief reason for the increase in bearish sentiment, the situation at present being so confused that stocks which have been held for months now seem to be coming on the market in fairly large volume. In spite of the severe buffeting which the market received today as well as on the last two days of the previous week, in the way of short selling and liquidation, it maintained a strong undertone, rallying easily after each setback, of which there were a number. Before the close stocks rallied vigorously, and the session ended with good gains.

The poor outlook for the steel and iron trade was perhaps the chief cause of disturbed confidence. Reports of price-cutting in steel, reduction in the price of iron ore, the falling off in new orders since the first of this month and uncertainty as to the effect of proposed tariff reductions in the steel trade combined to affect steel shares unfavorably. United States Steel was sold heavily, trading in this issue amounting to about one-third of the entire volume of the business of the exchange. Although it sold off to a new low level for the year, a good demand appeared for it, as for other active issues, at the lower prices.

The copper stocks were prominent today, more so than they have been for some time, and late in the day Amalgamated Copper showed a gain of two points. Buyers of these stocks expressed confidence that a change for the better had taken place at last in the copper trade.

The continued flow of cash to this center as shown by the last bank statement, caused a further shading of rates for time money today. Some loans extended over the first of next year, and were placed at 3¾ per cent. Sale of $10,000,000 C. and O. 3-year notes to a banking syndicate, which followed the announcement that the notes had been all disposed of by the underwriters, there being a keen demand for securities of this kind on account of the difficulty of placing funds at remunerative rates.

The bond market was irregular. New York city issues were higher, notably the new 4½s, which touched 102¾, a record price.

Total sales, par value, $2,052,000. United States bonds were steady. Total sales for the day, 446,800 shares.

Foley Kidney Pills
TONIC IN ACTION - QUICK IN RESULTS
Give prompt relief from BACKACHE, KIDNEY and BLADDER TROUBLE, RHEUMATISM, CONGESTION of the KIDNEYS, INFLAMMATION of the BLADDER and all annoying URINARY IRREGULARITIES. A positive boon to MIDDLE AGED and ELDERLY PEOPLE and for WOMEN.

C. H. Ellsworth, Rochester, N. Y., says: "For sometime past I have been bothered with weak kidneys and bladder trouble. The action was very irregular and attended with much pain. Foley Kidney Pills gave me immediate relief and strengthened me wonderfully, and I am more than pleased to recommend their use."—R. R. Bellamy.

State of North Carolina, Department of State.—Certificate of Filing of Consent by Stockholders to Dissolution:

To all to whom these Presents may come—Greeting:

Whereas, It appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof deposited in my office, that the National Stamp Vending Machine Company, a corporation of this State, whose principal office is situated in the City of Wilmington, County of New Hanover, State of North Carolina, (A. B. Williams, secretary, being the agent therein and in charge thereof, upon whom process may be served) has complied with the requirements of Chapter 21 of the Revisal of 1905, entitled "Corporations," preliminary to the issuing of this certificate, that such consent has been filed.

Now, therefore, I, J. Bryan Grimes, Secretary of the State of North Carolina, do hereby certify that the said corporation did, on the fifteenth day of April, 1911, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by more than two-thirds in interest of the stockholders thereof, which said certificate and the record of the proceedings aforesaid, are now on file in my said office, as provided by law.

In testimony whereof I have hereunto set my hand and affixed my official seal, at Raleigh, this 15th day of April, A. D. one thousand, nine hundred and eleven.

J. BRYAN GRIMES,
Secretary of State.

DYNAMITER TELLS OF MANY CRIMES

(Continued from Page One.)

retary and treasurer of the Bridge & Structural Iron Workers, indicted in Los Angeles for complicity in an explosion at the Llewellyn Iron Works.

Supt. of Police Hyland was summoned with these books and papers before the grand jury today and afterwards a summons was issued for Frank M. Ryan, president of the Iron Workers' Association, ordering him to produce certain other records. Ryan failed to appear and by order of the grand jury deputy sheriffs were sent to the office building with a wagon and hauled the documents to the court house. The books and papers demanded today by the grand jury were stacked indiscriminately about the four packages of dynamite, fuses, explosive caps and alarm clocks discovered by the police in Saturday night's raid. The explosives were removed to secret places by the authorities and the other material was guarded by the police, and today by deputy sheriffs, until it was taken out.

Attorneys for the Iron Workers' Association, who strongly protested against the removal of the records, frankly stated that their purpose in asking the court for the order granted by Judge Markey was to prevent examination of the books by Detective Burns and his assistants, and by Walter Drew, chief counsel for the National Erectors' Association, the Iron contractors' organization.

Drew said he awaited with special interest the return tonight of Detective Burns from Toledo, where dispatches had related, he today obtained in the check room of the union station a suitcase which, Burns said, belonged either to J. W. McNamara or Ortie McManigal and contained evidence tending to show complicity in dynamite explosions.

Frank P. Baker, county prosecutor, today announced that the grand jury's investigation will go into intimations that there was a conspiracy against the Iron Workers' Association and its officials resulting in the "planting" of dynamite to create evidence against them, in their office building. These allegations were contained in statements attributed to the union officials.

Mr. Baker said that the grand jury would probe the charges that the dynamite was collected here with the intention of using it to destroy buildings being erected by contractors employing non-union iron workers. The depositing of the dynamite in the basement of the office building was in itself, he said, an offense against the statutes of Indiana.

The Iron Workers' Association today engaged a number of additional attorneys, and friends of Secretary McNamara employed counsel for him personally. Henry Seyfried, McNamara's attorney, late today in an interview, denounced the extradition of McNamara as an "outrageous illegality" and said he believed that the detectives concerned were guilty of kidnaping under the laws of Indiana.

It was reported tonight that affidavits were being prepared to be filed in the justice of peace court, charging detectives with kidnaping McNamara.

To Safeguard Prisoners.

Los Angeles, April 24.—Creating confusion in order to protect the secret of the date and hour when John and James McNamara and Ortie McManigal will arrive to face the charge of having destroyed the Times plant, has been for two days the principal occupation of the officials who will be charged with the safe keeping of the alleged conspirators.

That they are coming across the continent by zigzag routes is asserted on all sides. Chief of Police Sebastian today said he believed that the prisoners and their guards would not arrive for two weeks. Sheriff Hammel, who will be directly charged with the custody of the alleged plotters, declared they probably would not arrive until the last of this week, instead of Wednesday as expected.

Hammel laughed when told that the prisoners had been seen at Kansas City and other points today and suggested that the handcuffed men seen aboard the transcontinental trains were dummies, whose expenses were paid to throw off the trail any one who might stop the passage of the officers and their charges with habeas corpus writs or by more speedy and violent means. Hammel said those in charge of the McNamara's and McManigal might change routes several times during the trip and come by way of the Southern trunk lines or through. In any case, one of the county motor cars will be sent 50 or 60 miles out of the city to meet the prisoners and bring them secretly to the county jail. A large detail of new policemen was examined today by Chief of Police Sebastian.

The Iron Workers are on a strike here and though there has been no belligerent expression from the union men the police regard the situation as demanding alertness.

Several police officers expressed the fear that the arrival of the McNamaras and McManigal might be the signal for the long general strike for unionizing Los Angeles.

Such fears are unfounded according to a statement issued today by J. E. Timmons, general organizer of the convention workers, who are in charge of the strike here.

Sure McNamara is the Man.

Columbus, O., April 25.—Detective W. J. Burns, who was in Columbus tonight, en route to Indianapolis, divulged some of the evidence on which he bases his charges that the McNamara Brothers and O. E. McManigal were connected with the dynamite outrages in Los Angeles.

Burns said he had learned that McNamara was in Los Angeles at the time of the explosion — in fact, had been there for several days prior to the disaster.

"When W. J. McNamara reaches Los Angeles this week he will be identified as the man who purchased dynamite from the Giant Powder Company, and who used the alias of J. B. Bryce, at the time," said Burns. "I am positive that he will be recognized as the purchaser of the dynamite.

"Two sticks of the dynamite placed under the Times building failed to explode. They were taken to the Giant Powder Company and identified as pieces which were purchased by this man Bryce. We have learned that McNamara (J. W.) was in the pay of J. J. McNamara, secretary of the Iron Workers' Association, during the time that he was in Los Angeles, and we also have proof that McManigal was in the pay of the secretary," continued Burns.

"Did McManigal have anything to do with the Times' explosion?"

"No, he is not charged with having had a hand in that. He was the man who blew up the Llewellyn Iron Works several weeks later."

Burns said that McManigal worked single-handed. He had proof, he said, that McManigal was in Los Angeles at the time of the Iron Works explosion, and that he had traced his movements from the time he left the Middle West until he landed in Los Angeles.

"He also will be identified by persons in Los Angeles, who can furnish proof that he was the man who did the job," said Burns.

"Have you any proof that McManigal was in touch with J. J. McNamara?"

"We have; and we have further proof that J. J. McNamara furnished the money necessary to pull off both of the Los Angeles jobs. There is no doubt in the world that we have the right people."

SENATE TAKING ITS TIME.

Evidently in No Hurry to Consider Measures Sent From House.

Washington, April 24.—Congress today found itself in a peculiar situation. The House is congratulating itself on having passed expeditiously the campaign publicity, the direct election of Senators and the Canadian reciprocity bills, but the Senate thus far practically is unorganized, its committees not having been named. Because of this the upper branch of Congress was unprepared to go ahead with the programme.

The situation may be remedied tomorrow when Chairman Gallinger, of the Committee on Committees, will bring in a list of the Republican members. It remains to be seen whether this list will satisfy the "progressives" and permit of immediate action.

Having caught up with its work, the House programme today dealt with emergency bills, with a report late in the afternoon on the free list measure by Chairman Underwood, of the Ways and Means Committee. A week or more of debate on the measure is anticipated, though its ultimate passage is not doubted.

AUTO AND TRAIN COLLIDE.

One Dead and Another Fatally Injured in Smash Near Atlanta.

Atlanta, April 24.—A four-months-old baby was instantly killed and another small child probably fatally injured at College Park, a suburb, yesterday, when train No. 18, on the Atlantic & West Point Railroad, collided with an automobile. Mr. and Mrs. A. J. Stewart, the father and mother of the children, were badly shaken up and a negro nurse was injured.

The accident occurred at a point where a high pile of cross-ties prevented the occupants of the automobile from seeing the oncoming train, and Mr. Stewart had driven nearly across the track when the engine struck the rear of the machine.

The baby's skull was fractured and crushed, and the other child, Dorothy Stewart, aged two, was so badly injured that death is expected at any moment. The negro nurse suffered a fractured thigh and dislocated hip, but the parents escaped with slight injuries, although all were thrown several yards from the machine.

MASTERPIECE IN GERMANY.

Portrait of Artist by Mimself Re-discovered by Art Expert.

Leipzig, April 24.—A masterpiece by Frans Hals has been re-discovered, according to Prof. Felix Becker, in the course of an investigation by that well known art expert of the picture gallery in the castle of Count Wedel Zu Gross, in Zschocher, a village near this city.

It represents the bust of a man of thirty with short black hair, fierce mustache, close cut beard and sad looking brown eyes, wearing a black coat with a mill wheel ruffle around his neck. According to the professor it is a portrait of the artist by himself and dates from about 1620.

The original signature has disappeared and the artists monogram had been inserted by some one else in another part of the picture, which was acquired at an auction of the Richter art gallery in Leipzig a century ago for the sum of two thalers and eight groschen (about $1.63.)-

FROST AT CLARKTON.

Injury to Crops is Feared — Other News Items from Section.

(Special Star Correspondence.)

West Clarkton, N. C., April 24.—A killing frost visited this section last night and it is feared that all the cotton that was up has been killed. Corn is cut down in places and truck is badly injured. Messrs. W. O. Page and D. Lennon picked the first strawberries from this section last week. The berry crop is badly damaged by last night's frost as there will not be much more blooming.

Mr. C. Fletcher, one of our most successful farmers, has gone to the mountains of North Carolina to recuperate——Messrs. C. Pate Henry and Lindsay Norment have recently visited friends in this section.

Big Four, W. Va., April 24.—One man was killed and five injured when a concrete car body slid from its trucks here today, falling with 15 tons of concrete on the men. One of the injured will die. The accident occurred in a tunnel being built for the Norfolk and Western.

Send your children to our play house —the Grand. **

HOE'S VALUABLE BOOKS SOLD

(Continued from Page One.)

siderable though that be; for more beautiful books have been printed; nor in its rarity, for there are 34 copies in existence; but in its historical interest, for it was the first book known to have been printed from moveable types. One hundred and eighty copies were struck off on paper and 30 on vellum, and of these, 27 on paper and seven on vellum are now known to be in existence, of which two—one the Hoe copy and the other owned by Mr. Morgan—are in this country. The Hoe copy is the more perfect of the two and it is probably the last that will ever be sold at auction, for the others are now either in libraries or museums.

But the Guttenberg Bible, though the chief, is by no means the only treasure, or the most curious, in the collection. Books with the arms of kings and queens, beautiful manuscripts antedating printing, autographs, manuscripts, annotated copies enriched by famous men, and letters, complete the list. There are, for instance, 80 illuminated Horae, or books of devotional hours, broadly illustrative of the art of manuscript illumination. Among them are the famous Pembroke Horae, executed in England about 1440 for William Herbert, first Earl of Pembroke, beheaded in 1469, which passed out of the family keeping in the time of his grandson and was not heard from until 1880, when it was found in possession of the Borghese family of Rome, passed back to England ownership, and was brought to this country by Brayton Ives, at the sale of whose library in 1891, Mr. Hoe bought it for $5,900; the superb missal of Charles VI of France; the Hours of Anne of Beaujeu, daughter of Louis XI; and the Ovid executed for Anne de Bretagne, Queen to Louis XII.

In the division of early English books, no Caxton Chaucer appears, but there is a large and perfect example of the Troylus and Cresyde by Wynken de Worde, the second edition; a second edition of Queen Elizabeth's prayer book, probably the first to be printed for the public; a first edition of the Essayes of a Prentise in the Divine Art of Poesie, by James I, of England, which only four copies have been sold at auction since 1864, the only perfect copy known of Caxton's edition of Sir Thomas alory's Morte D'Arthur, with every leaf clean and sound, which last sold for $9,750; four folio Shakespeares, fifteen quartos, the Venus and Adonis on vellum, and the rare first collected edition of the Poems (1640.)

Among more modern authors, Blake is well represented, most notably with his Milton, the original edition of the rarest of all his productions, of which only two other copies are recorded; Burns, by an uncut copy of the Kilmarnock edition, with an autograph letter to Captain Hamilton of Dumfries; Defoe, by a large copy of the first edition of Moll Flanders; Gray, with the first edition of the Elegy, and others too numerous to mention.

Nor are our own authors neglected. There are first editions from the press of Benjamin Franklin, a beautiful copy of the rare first edition of Champlain's First Expedition to America, Cooper, Washington, Irving and many others.

The sale will be held in four parts of which this, Part I, beginning today, is divided into eighteen sessions, two daily, terminating May 5. The other parts, which have not yet been catalogued, will be sold next Fall, it alone fills two volumes of 606 pages making 3,358 items.

FUNERAL OF DR. DuBOSE.

Will be Held at Morganton—Recovery of Body.

Asheville, N. C., April 25.—The body of Dr. McNeely DuBose lay in Grace church at Morganton last night, and the funeral services were held in that church this morning at 10:30. Following these, the body will be brought to Asheville for burial, arriving here at about 3 o'clock. Interment will follow immediately at Riverside cemetery.

In the absence of Rt. Rev. Joseph M. Horner, bishop of Western North Carolina, the committal services were read by Rev. H. Field Saumenig, of Trinity church, assisted by Rev. Mr. Horner, and Rev. Mr. Stubbs. The pall-bearers were members of the vestry of Trinity church, here, of which Dr. DuBose for 15 years was rector.

DISMISSED BERGER CASE.

Failure Marked Efforts of Postoffice Inspectors at Savannah.

Savannah, Ga., April 24.—Failure marked the effort of postoffice inspectors to bring J. S. Berger before the United States court on the charge of using the mails to defraud for advertising the aviators under his management as the "world's greatest aviators," when United States Commissioner Hewlett dismissed the last of three cases against Berger late today. A feature of the last hearing was the statement by Postoffice Inspector Britten that a letter and some newspapers had been taken from the mails to aid the government in its case which included charges against David J. Lawrence and Louis Berger, who also were freed.

New York, April 24.—Alfred Shrubb, the English champion distance runner, had little trouble defeating Gusta Ljungstrom, the Swedish champion, tonight, in a ten-mile race. Shrubb won by more than two laps in 51 minutes and 4 seconds, clipping 51 seconds from the record hung up by Billy Queal two weeks ago.

Hicks' Capudine

Cures Headaches—All Kinds—Gripp, Colds, Aches From Malarious Conditions, Etc.

TEST OF TORPEDO BOAT.

Endurance Run of Destroyer Walke Off Massachusetts Coast.

Boston, Mass., April 24.—The torpedo boat destroyer Walke completed its official builders' acceptance trials when she drew into the Charleston navy yard late today, having satisfactorily met all the tests required of her. The final test was the four hour endurance run at high speed, which the vessel made between Rockland and Boston during the day. The required speed of 29.5 knots was met, the speed made being given out at about 29,77.

Coopers, W. Va., April 24. — Jeff Smith was waylaid and his body riddled with buckshot from five discharges of guns here yesterday. His body was found about midnigat so filled with shot that there was not a place as large as a human hand which was not penetrated by one or more shots. His slayers are unknown.

ICE! ICE!! ICE!!!

-:-YES-:-

ICE! ICE!! and ICE!!!

One might almost be led to believe that this community had never seen Pure Ice until this good year 1911.

A great man once said "there is nothing new under the sun" and this is so to a great extent when it comes to the manufacture of ice.

Now, as a matter of fact, The Independent Ice Company has been for ten years and is still making as pure, as clean, as healthful to use ice as can be found in all North Carolina. We defy anyone to prove to the contrary. Our prices are as low as the lowest. We give full guaranteed weight. Our service is the best Wilmington ever had. We have a polite, accommodating corps of officials who will thank any one to report any act of neglect or discourtesy on the part of our wagon drivers or helpers.

Do the right thing for yourselves and for ourselves by taking ice from the old reliable.

THE INDEPENDENT ICE CO.

MONEY DOUBLES ITSELF

In seventeen years, if deposited with this bank. The desire to make money quickly has led some into unwise investments and ruined many.

Persistent savings is the safe and only sure road to success. Save a little today—more tomorrow, and open a savings account here. A dollar accumulating interest day by day is inspiring and interesting as a growing child. This bank is helping others on the road to successful saving, and would like to help you.
